

Axial Skeleton

skull

coronal suture
 lamboid suture
 squamous suture
 occipitomastoid suture
 external auditory meatus
 zygomatic bone
 lacrimal bone
 frontal bone
 styloid process
 external occipital crest
 occipital condyle
 saggital suture

parietal bone
 occipital bone
 mastoid process
 styloid process
 mandibular condyle
 nasal bone
 ethmoid bone
 palatine bone
 mastoid process
 external occipital protuberance
 jugular foramen
 hyoid bone

temporal bone
 zygomatic process
 coronoid process
 body of mandible
 maxilla
 lacrimal fossa
 sphenoid bone
 vomer bone
 basioccipital
 foramen magnum
 carotid canal

7 Orbital

5 Nasal

14 Facial Bones
 (9 Facial 5 Deep Facial)

8 Cranial

vertebral column

atlas
 axis
 cervoical vertebrae
 thoracic vertebrae
 lumbar vertebrae
 sacrum
 coccyx

lamina
 superior articular process
 transverse process
 pedicle
 body
 vertebral foramen
 vertebral arch

spinous process
 superior articular facet
 posterior arch
 anterior arch
 transverse foramen
 odontoid process
 intervertebral disk

7 Cervical

12 Thoracic

5 Lumbar

Sacrum

Coccyx

ribs

costal cartilage
 floating ribs
 clavicular notch
 manubrium

true ribs
 sternum
 xiphoid process

false ribs
 jugular notch
 body of sternum
