

UT Arlington Group Activities PLANETARIUM On Campus

Bowling & Billiards

Located in the University Center, Bowling & Billiards provides leisure, relaxation and game activities for the entire University community and special occasions. Bowling and Billiards is a 12 lane Bowling Alley with automatic scoring and 9 Table Billiard Hall with Regulation sized tables a Snooker Table, and a Large Screen T.V. Also available is a Professional Sound System and Stage available for Band performances. It also features a Game Room with Foosball, Darts and Large Screen TV.

Bowling and Billiards is conveniently located on campus in the southeast corner of E.H. Hereford University Center, next to Connection Café, across from Arlington and Brazos Halls.

If you are interested in making a reservation, please contact Conference Services at 817-272-6576.

The Planetarium at UT Arlington

The Planetarium at UT Arlington is a one-of-a-kind teaching, learning, and special occasion space. Open to the public for shows, star-gazing events, field trips, and private functions.

With a 60 foot diameter dome and state of the art Digistar 3 CRT Projection system, The Planetarium at UT Arlington is one of the largest and most sophisticated in the state of Texas. The Digistar 3 system can project stars, planets, galaxies, and virtually anything else onto the dome as they look in the real sky as well as immerse the audience in a full dome animation show. Shows combine stunning visual effects on the dome with powerful surround sound to transport audiences to all reaches of the universe, from a light-speed trip to see mysterious black holes to a wild safari into the human body.

The theater provides comfortable reclining seats for an audience of nearly 150 and is wheelchair friendly. The Planetarium at UT Arlington can provide radio headsets for the hearing impaired and is housed in the University's Chemistry & Physics Building.

If you are interested in making a reservation, please contact The Planetarium at 817-272-1183.
