

Service Activities

Professional Affiliations

- American Chemical Society
 - Member since 2004
 - Member of Division of Environmental Chemistry since 2004
- American Water Works Association
 - Member since 2004
 - Member of Ohio Division since 2004
- International Water Association
 - Member since 2004
- Water Environment Federation
 - Member since 2004
 - Member of Ohio Division since 2004
- Association of Environmental Engineering and Science Professors
 - Member since 2004

Reviewer

- Peer-Reviewed Journals

Environmental Core: Air, Water and Soil Pollution, Applied Catalysis B, Desalination, Environmental Engineering Science, Environmental Health Perspectives, Environmental Science and Technology, Journal of Advanced Oxidation Technologies, Journal of Environmental Engineering, Journal of Hazardous Materials, Water Research

Chemical and Materials Interdisciplinary: Advanced Materials, American Mineralogist, Applied Catalysis A, Applied Surface Science, Biomacromolecules, Catalysis Communications, Catalysis Today, Chemical Engineering Journal, Chemical Journals, Chemistry of Materials, Crystal Growth and Design, Industrial and Engineering Chemistry Research, Journal of Alloys and Compounds, Journal of Materials Science, Journal of Membrane Science, Journal of Photochemistry and Photobiology A, Journal of Physical Chemistry B, Materials Research Bulletin, Materials Chemistry and Physics, Microporous and Mesoporous Materials, Powder Technology, Reaction Kinetics and Catalysis Letters, Recent Patents on Materials Science Separation and Purification Technology, Surface and Coatings Technology

Nanotechnology: Journal of Nanomaterials, Journal of Nanoparticle Research, Journal of Nanoscience and Nanotechnology

- Proposal Review

TBA

Conference Session Organized or Chaired

- Member of the International Organizing Committee, The 15th International Conference on Advanced Oxidation Technologies for Water, Air and Soil, October 5-8, 2009, Niagara Falls, NY, USA

Committee Service

TBA
