An invitation to attend Dr. Joaquín Fuster’s talk with Dr. Marc Schwartz’s course, Theoretical & Conceptual Models of MBE. The students are looking for connections between Dr. Fuster’s cognitive science work and education.

Dr. Fuster studied medicine at the University of Barcelona (M.D. 1953). In 1957 he emigrated to the United States to initiate a career in neuroscience at UCLA. During 1962-64, he worked as a visiting scientist at the Max-Planck Institute for Psychiatry in Munich. He received his PhD in neuroscience from the University of Granada in (1967), Spain. Dr. Fuster is Professor Emeritus of Psychiatry and a member of the Brain Research Institute and the Semel Institute for Neuroscience and Human Behavior, at UCLA’s School of Medicine.

Dr. Fuster is also a plenary speaker at the Department of Philosophy & Humanities’ Austrian Thought Conference held November 1-3, 2012. For more information please visit: http://www.uta.edu/philosophy/ATC.
