IMMUNIZATION REQUIREMENTS
What is a titer?

- A titer is a blood test that measures your immunity to a disease. Get quantitative titers. Upload lab report.
- For more information visit website.
What do I have to submit?
Hepatitis B

Patient has immunity to hepatitis B virus.

This test was performed using the Siemens chemiluminescent method effective November 21, 2013. Quantitative values from the previous Ortho Vitros method should not be used interchangeably.

</tbody>
</table>

Positive results suggest recent or previous infection
Varicella (Chickenpox)

2 Vaccinations

Titer showing Immunity

<table>
<thead>
<tr>
<th>Index</th>
<th>Explanation of Results</th>
</tr>
</thead>
<tbody>
<tr>
<td>&lt; or = 0.90</td>
<td>Negative, no VZV IgG antibody detected</td>
</tr>
<tr>
<td>0.91 - 1.99</td>
<td>Equivocal</td>
</tr>
<tr>
<td>&gt; or = 1.00</td>
<td>Positive, VZV IgG Antibody detected</td>
</tr>
</tbody>
</table>

A positive result indicates that the patient has antibody to VZV but does not differentiate between infection (active or past) and vaccination. The clinical diagnosis must be interpreted in conjunction with the clinical signs and symptoms of the patient. This assay reliably measures immunity due to previous infection but may not always be sensitive enough to detect antibodies induced by vaccination. Thus, a negative result in a vaccinated individual does not necessarily indicate susceptibility to VZV infection.
Varicella (Chickenpox)

NOT

History of Chickenpox
Tdap (not DPT, Dtad or Td)

1 Vaccination

If Tdap is 10+ years old:
Updated Tdap is required
Tuberculosis Screening (TB)

Initial Screening

2 Skin Tests (PPDs) Within year

Blood Test (Quantiferon or T-Spot)

Chest X-Ray Results (with positive test only)

OR

OR
Influenza (Flu)

1. Vaccination annually

Only during flu season:
September - March
Deadline

You will **not** be allowed to register for classes until all requirements are met.

- You may use any facility to get your vaccines and titers.
  - UTA Student Health Center (Campus Based Students Only)
  - County Health Department
  - Doctor's Office
