Fall – 2008

TBD

Registration for the summer sessions begins in April for all students, and continues until the start of classes on June 3, 2009. You must register on the web at www.uta.edu by clicking "Sign In MyMav". All classes are being offered at UTA, which means that you will need a parking tag. You can purchase a tag at the campus parking office (1225 W. Mitchell St. - [J.D. Wetzel Building](#)).

Please remember that admission as a Special Student is only good for a total of 9 credit hours of coursework, after which, you must reapply to the graduate school for unconditional admission. Students who have completed their 12th credit hour of course work without unconditional admission will be unable to register for further coursework. Application for unconditional admission will require another \$40.00 application fee.

For the most up to date schedule, please check the MAIS home page: <http://www.uta.edu/cos/mathscience.php>
