NO ATTACHMENTS WILL BE ACCEPTED.

8. In all matters, the decision of the contest coordinator is final.
9. The winner and answers will be announced at noon on Wednesday, February 22, on the IMSE website. The winner will be the student correctly solving the most puzzles. In case of ties, the student with the earliest submission will be declared the winner. The winner MUST ATTEND the Engineering Banquet on Friday, February 24, to receive the scholarship.
10. The winner will be awarded a \$1,000 scholarship (minus taxes) at the College of Engineering Awards Banquet in the Bluebonnet Ballroom of the University Center. For an out-of-state winner, this scholarship also grants in-state tuition either for Spring and Summer 2012 or for all three semesters of the 2012 - 2013 academic year. The winner chooses the time period. However, if the 2012 -2013 academic year is selected, the scholarship money will not be awarded until Fall 2012.
