Sept. 29, 2009

The Department of Electrical Engineering (EE) at the University of Texas at Arlington, invites applications for two tenure-track faculty positions at the Assistant Professor level in the specialty areas of Power and Energy Systems and Power Electronics. Candidates must hold an earned doctorate in Electrical Engineering or related fields by the date of hire. Each successful candidate will be expected to develop a substantial funded research program that supports graduate students, in an area such as generation, distribution, conditioning, efficient use, storage, management, or control of energy. Outstanding teaching, at undergraduate and graduate levels, is also expected.

The University of Texas at Arlington, a part of the University of Texas system, is a doctoral, research-extensive university. UT-Arlington is located in the rapidly growing Dallas/Fort Worth Metroplex which is one of the nation's leading regions in the development and applications of electrical engineering related advanced technologies. This environment and strong community/university support provide an excellent opportunity for industrial and academic collaborations. The EE Department is a key resource to provide world-class education and research to high-quality students by distinguished faculty. Further information is available at <http://www.uta.edu/ee>.

Review of applications will begin immediately and will continue until the position is filled. We expect to begin inviting candidates no later than January 15, 2010. This is a security sensitive position and a criminal background check will be conducted on finalists. A complete resume, a cover letter, research and teaching statements, and the contact information of three references should be submitted electronically to

<http://www.uta.edu/ee/applicant>

Please send Inquiries or questions to [eesearch@uta.edu](mailto:eesearch@uta.edu)

Women and minority candidates are encouraged to apply. The University of Texas at Arlington is an Equal Opportunity & Affirmative Action employer.
