

Chair
Department of Mechanical and Aerospace Engineering
The University of Texas at Arlington

The College of Engineering at the University of Texas at Arlington seeks nominations and applications for the Mechanical and Aerospace Engineering (MAE) department chair. This is a tenure position at the rank of professor. Candidates should possess excellent leadership and interpersonal skills and have an outstanding record of scholarship and teaching commensurate with appointment as Professor. A Ph.D. degree in Mechanical or Aerospace Engineering or a closely related area is required. The chair will provide vision and leadership in expanding the MAE teaching and research programs.

The University of Texas at Arlington is a doctoral, research-extensive university, a part of the UT-System, with approximately 25,000 students. The University is located in Arlington, in the center of the rapidly growing Dallas/Fort Worth Metroplex, one of the nation's leading regions in the development, production, and application of high technology. This environment provides excellent opportunity for industry/university R&D collaborations. The MAE Department is a key resource of quality education as well as research and development for area corporations. The department (<http://www-mae.uta.edu>) offers BS, MS, and Ph.D. degrees and currently has 30 faculty members with 188 graduate students and 670 undergraduate students. Excellent recreational, entertainment and cultural facilities, modern shopping complexes and professional sports organizations are located in Arlington and the Metroplex.

A complete application should include a letter of application, curriculum vitae, a statement of capabilities and qualifications, and the names and addresses of four references. Applications will be reviewed beginning January 15, 2008. Applications will be considered until the position is filled. Send applications and nominations to:

Dr. Don Liles
Search Committee Chair
Department of Industrial & Manufacturing Systems Engineering
