

**Student Application Information**  
**Engineering and Computer Science Summer Camps**  
 2008 Summer Programs: Entry / Gateway / Bridge  
**The University of Texas at Arlington College of Engineering**

The Engineering and Computer Science Camps are one week camps designed to provide students with a broad exposure to the variety of engineering disciplines -- aerospace, biomedical, civil & environmental, computer science, electrical, materials science and mechanical -- plus related topics in chemistry and physics. Field trips to see engineering at area businesses and team projects supplement the classroom activities. Each session is limited to 50 students. The Bridge and Gateway camps are residential camps and the Entry camp is a 9 a.m. to 5 p.m. day camp with a Sunday evening orientation session and a Friday evening awards session. The program fees cover a participant's meals, housing (if applicable), insurance, project materials and activities.

**The schedules for the 2008 Summer Camps are:**

**Instructions to Student:**

We anticipate the number of applications to exceed the session limits. It is therefore extremely important that you provide a complete application packet by the submission deadline of **April 18th**. Please follow these instructions:

- Complete the application form (please type or print).
- Have your mathematics or science teacher complete the evaluation form and return it to you in a sealed envelope with the teacher's signature across the seal.
- Obtain from your school an official copy of your academic record for this year and last year (transcript or cumulative folder). A copy of a report card will not be accepted.

**Mail these three items as a single application packet. The packet must be postmarked by April 18th.** Send the complete application packet to:
