Homework Assignment #2
Due on Tuesday, September 15 (at the beginning of class)

Your task is to take the on-line training for Human Subjects Research at UT Arlington, and to document your completion of the entire “Group 2 Basic Course,” as it presented on the CITI Training web site (http://www.uta.edu/ra/oric/training/cititraining.htm).

To register for the training, follow the instructions at http://www.uta.edu/ra/oric/training/cititraining.htm.

Note that the first instruction is this: “To make registration easier, it is recommended that you PRINT THIS PAGE and keep it handy as a reference throughout the registration process.”

As part of the registration process, be sure that you indicate your status as a student, and that you’re a member of GROUP 2 – SOCIAL AND BEHAVIORAL RESEARCHERS.

Once you’re registered, you will need to complete the entire set of modules. To access the modules:
- Navigate to CITI home page: www.citiprogram.org
- Log-in
- From the CITI Main Menu, go to “My Courses” and complete “Group 2 Social & Behavioral Investigators, Basic Course.”
- Work through all of the required modules, one-by-one, in the order presented.

After you read each unit and complete the associated quiz, you can return to completion report / grade book screen to see how well you’ve been doing.

If you are not pleased with your score on a particular quiz, you can return to the module, review the content, and re-take the quiz. The new score will then appear in the Grade Book records.

To receive credit for this homework assignment, you must submit a hard copy of the page labeled “Print Completion Report.” Before doing so, make certain that the page lists all of the required modules, the date completed, and the score received. Your grade for this assignment will be based on an aggregation of the scores you received on each module.

NOTES:
- Completing this assignment will take several hours. Do not try to complete it the night before it is due, or you’ll be in for a very long night’s work.
- You do not have to complete all the modules in one sitting. The program allows you to stop working at any point, and to pick up where you left off. I suggest that you complete 4 modules a day for 3-4 days.
- When working on CITI web site, you should use a computer with a high-speed connection. Accessing the CITI program via a dial-up connection will mean that the pages will load very slowly, which is likely to prove frustrating.
- DO NOT RESET YOUR GRADE BOOK! Resetting your grade book will wipe out the scores earned for each module, which means that you’ll need to retake all of the quizzes.
