Hi Everyone,

This Saturday both RE Development classes will be meeting in Southlake, Texas at 10:30 am to hear Brian Stebbins of Cooper and Stebbins speak about his experiences with his Southlake Town Square development. Mr. Stebbins was featured in our text... please refer to page 18.

It is imperative that you attend. Development is not something that can be learned solely from a classroom atmosphere and this opportunity that Mr. Stebbins has given us should prove to be invaluable to our understanding of the many facets of the development process. Additionally, I imagine a few short answer questions covering what we hear this Saturday will show up on the final exam. (That is a hint.)

We'll be meeting on the steps of the Southlake City Hall.

The address is 1400 Main Street, Southlake, Texas, 76092.

Here are directions to Southlake Town Square... City Hall is at the north end of the main square, you can't miss it.

The discussion will end no later than noon. At that point, you will be free to shop...
http://www.southlaketownsquare.com/shopping_at_southlake.php?order=alphalist

...eat...
http://www.southlaketownsquare.com/dining_at_southlake.php?order=alphalist

...catch a movie...
http://www.southlaketownsquare.com/welcome_to_southlake.php?page=harkins.php

...or get on a waiting list to buy a residence...

Any undergrads who were not able to attend class last Saturday need to see me regarding an opportunity to retake a portion of the mid-term.

Please respond and confirm your attendance.
