INTER-UNIVERSITY CONSORTIUM ON POLITICAL AND SOCIAL RESEARCH

The best source for a data set might be the Inter-University Consortium on Political and Social Research. Go to their web site at www.icpsr.umich.edu. Type in a phrase in the search box, i.e., "Mexico." I would change the option to "in the title." Then see if a data set seems interesting. Try downloading the data set and the codebook. You should be able to do this FROM ANY COMPUTER ON THE UTA CAMPUS (but not from off campus). Click "downloads" under your data set. Click "save entire study for download." Click "download saved files." At some point you will have to complete a brief survey. Save the files to a drive. If necessary, email them as attachments to your home computer. They will probably be saved as "zipped or compressed" files.
