Interdisciplinary Studies Program

School of Urban and Public Affairs

Course Options Lists

The purpose of each list is to identify courses that you plan to take at UTA that develop and relate to each of the three or four critical skills/competencies. Together, these courses and skills support your program title, making for a rigorous and coherent program of study. Note that the Component Skills lists are numbered 1-4 to reflect the order of their importance relative to your program title. The first two components should be the strongest and should include *at least* 15 hours of coursework. In your selection of courses, you should strive to achieve depth in at least two disciplines relevant to your goal (12+ hours) as well as breadth across disciplines.

Name: _____ _____ _____
Last First MI

Program Title: _____

Disciplinary Component Skill # 1: _____

Dept Rubric	Course #	Course name as it appears in the current catalog	Prerequisites
ABCD	3303	How to Learn	ABCD 2303

Disciplinary Component Skill # 2:_____

Dept Rubric	Course #	Course name as it appears in the current catalog	Prerequisites

Disciplinary Component Skill # 3:_____
