2.	<p>Click the Yes button.</p> 
3.	<p>Click the Student Center link.</p> 
4.	<p>Click the Yes button.</p> 
5.	<p>Click the Degree Progress link.</p> 
6.	<p>Click the Report Type list.</p> 
7.	<p>Click the list.</p> 
8.	<p>Click the Go link.</p> 
9.	<p>The undergraduate student viewing the UMAP will see the Summary Page first. This page gives a capsule look at student statistics such as GPA, total credits, units In-Progress, test scores, academic plans, etc.</p>
10.	<p>Next, you will see an explanation of the MAP and an Advising Transcript.</p> <p>If there is a requirement that has not been completed, the plan will display the areas that have not been completed in bold type and will include the words Requirements Not Satisfied.</p>
11.	<p>Then, you will see the Advising Transcript, which lists all courses taken.</p>
12.	<p>The University CORE is the 44 units of general education courses required by the Coordinating Board for Texas Public Institutions. The CORE can vary according to the academic college. A course may be used in the CORE and again in the major but will still only be counted once toward total units.</p> <p>If there is a requirement that has not been completed, the plan will display the areas that have not been completed in bold type and will include the words Requirements Not Satisfied.</p>
13.	<p>COURSES NOT ALLOCATED is a section listing courses that have not been applied to a particular requirement. It is also the section that gathers the elective credits sufficient to meet the total hours for the degree.</p>
14.	<p>Finally, you will see the plan(s) that you are coded for. This could be a major only; major and a minor; or several majors, etc.</p> <p>If there is a requirement that has not been completed, the plan will display the areas that have not been completed in bold type and will include the words Requirements Not Satisfied.</p>
