Before you get started on the placement test, be sure you know the following:

- Your **UTA email** address. Please verify that you can access this account.
- Your **NetID**. This will be your username for the test.

Getting Started:

1. Go to the UTA MyLabsPlus campus: [http://uta.mylabsplus.com](http://uta.mylabsplus.com).

2. Enter your username (this is your **NetID** and will be the same username that you use to access blackboard). Then click on the “Forgot your username or password?” link.
   - You will receive an email through your UTA email address that provides a link to set your initial password.
   - Login using that information.
3. Upon logging in, you may be prompted to select a few security questions and answers. You can also change your password at any time for your account.

![Security Questions Form](image)

4. After completing the security profile, click on the blue link indicating the math placement test.
   - If a blue link does not appear, contact the program administrators in the Learning Resource office at mathplacement@uta.edu.

5. The screen below is an example of what your home page may look like. You will first be prompted with the License Agreement and Privacy Policy page. Click I Accept once you have read the terms of use.
6. You are now ready to take the placement test. Click on the Quizzes & Tests tab on the left of the page. You will see the following menu:

You will start with the MPT Orientation/Practice test.
- There is no specific score requirement for the practice test, so upon completion you will proceed to the Algebra portion of the placement test.
- Students must receive 17 points (68%) or better on the Algebra portion in order to proceed to the Precalculus portion.
- Students must receive 13 points (65%) or better on the Precalculus portion in order to be eligible to enroll directly into Calculus I.
- You are allowed to use a non-graphing calculator on the MPT, but you may not receive help from any source.

NOTE: Please use Chrome or Firefox for your browser. It is not recommended to use Internet Explorer or Safari.

Technical Support:
If you need technical support, please select the Help and Support link on the bottom of the main UTA MyLabsPlus website. You will find several self-service support articles and information about how you can contact Pearson’s 24/7 MyLabsPlus support team.

If you need technical support from within the course, please select the Help & Support tab to the right of your screen or enter the following URL:

You will find additional self-service support articles and more information about how to navigate through this site.

We also have a priority hotline for UTA students. Please call 1-855-875-1797.

VERY IMPORTANT: If you are using your own computer for this course, you need to run the Browser Check to make sure you have everything you need to run the placement test.
