*The SURGE Program*

## S-STEM SCHOLARSHIPS IN MATHEMATICS

The SURGE (Scholarships for Undergraduates to Reach Goals in Education) program in the Department of Mathematics at the University of Texas at Arlington invites qualified undergraduate students to apply for S-STEM\* scholarships. The scholarships provide each recipient with up to \$10,000 per year for up to three years. Undergraduate students at all levels, including incoming freshmen, will be considered for these scholarships. Students from underrepresented minority groups are especially encouraged to apply. In the last three years, 36 students have been supported by these scholarships and 65% of these students started their college education at community colleges.

In order to qualify for these scholarships, a student must

- be a United States citizen, national, or permanent resident at the time of application
- demonstrate financial need as defined by the FAFSA application
- be pursuing a bachelor's degree in Mathematics at UT Arlington
- be enrolled full-time (12 or more credits) during the semester receiving the scholarship
- have a minimum GPA of 2.8/4.0 or, if entering as a freshman, a minimum high school GPA of 3.0/4.0 and a minimum ACT score of 26 (or an equivalent SAT score)

Application deadline is May 27, 2011. Detailed application instructions and application form can be downloaded from the following website:

<http://www.uta.edu/math/surge/surge-application.htm>

For further information about the S-STEM scholarships, prospective applicants may visit <http://www.uta.edu/math/surge> or contact the following faculty:

Prof. Jianping Zhu ([jpzhu@uta.edu](mailto:jpzhu@uta.edu)), SURGE program director

Prof. Hristo Kojouharov ([hristo@uta.edu](mailto:hristo@uta.edu)), SURGE program recruiting coordinator

\*The S-STEM Scholarships are funded by a grant from the National Science Foundation's S-STEM (Scholarships in Science, Technology, Engineering, and Mathematics) program
