GUIDELINES FOR INDEPENDENT STUDY COURSES

The following guidelines are recommended for use by student(s) and faculty members for independent study courses:

1. Topic and mode of study are agreed upon by student(s) and instructor.
2. A description of the course should be in writing.
3. Course objectives should be in writing and should be clear and concise.
4. Strategy for achieving objectives should be in writing (e.g., review literature; conferences with professor as needed; written research proposal).
5. Criteria to be used for evaluation should be in writing (e.g., written research proposal).
