

### System Requirements for watching videos:

1. Windows 2000, XP, XP SP2 and Vista. Apple Mac OS9, OSX and higher
2. DSL internet service or faster.
3. 128MB of memory, Sound card, speakers
4. Audio/video Media Player : Quicktime and Real player ( it is recommended to load both players for diversity).
  - Quicktime and Real Player will work on both PC and MAC
  - Once installed, It is recommended to set one of these players as your default media player. All videos will launch in your default media player. This may save a step
5. Internet Web Browser
  - Windows: Internet explorer, Mozilla Firefox, Netscape Navigator, ect.
  - Mac: Safari, Camio, Mozilla Firefox, Netscape Navigator, ect
  - Internet Explorer may open in the Web Browser default media player.

### How to access videos

1. Access Website for Archived Videos: <http://www3.uta.edu/sonvod>
2. When authentication box appears, Enter your UTA Net ID user name and password to enter the site
3. Click link for course videos you want to view or click link for required videos section you wish to view.
4. Click link for date or link for vt number of video.
5. When authentication box appears, enter in user name\* and password\* to view the video. **This is not your UT net id.** The user name and password will be given to your faculty to distribute. You will not be able to watch the video with out the user name and password.
