

Smart Hospital™ Fee Schedule

The School of Nursing faculty and staff are available to work with organizations to develop individualized educational plans to meet specific assessment and training needs. The Smart Hospital™ clinical and research facility enhances effective and efficient learning experiences with its wide array of resources, from high fidelity manikins and patient actors to its MicroSim™ computerized case studies. The 23-bed- state -of -the- science facility is a Laerdal Center of Excellence in Simulation, Hill-Rom National Demonstration Showcase and the Cardinal Health Nursing Discovery Center.

The fee schedule below provides a general overview of elements typically used to develop the price quote for each specific plan.

- Simulation Evaluation and Education
 - Includes the use of 1 manikin, development of a customized scenario, direction of simulation, technical support and use of debriefing classroom. (max 20 people)

\$ 1500 to 2000*/each 4 hour increment
 - Includes the use of 1 manikin, use of a preprogrammed scenario, direction of the simulation, technical support and use of debriefing classroom

\$1000 to 1500*/each 4 hour increment
 - * Cost varies based on degree of faculty consultation***
 - Additional fees
 - After hours usage \$500/each 4 hour increment
 - Use of Standardized Patients (actors) \$35/hr/SP
 - Development of script/training for SP \$30/hr
 - Supplies Usage plus restocking fee
- Use of task trainers and computer resources
 - Training using task trainers (including Virtual IV) \$25/hour/person
 - Screen-based simulation \$25/hour/person
 - Training on new equipment \$25/hour/person

Tours – Standard tours are given twice a month (no charge). Please see Smart Hospital™ Web site for dates and details on how to sign up for a tour.

Virtual tours are available online at: www.uta.edu/nursing/simulation/360newSH.php

Faculty training programs and simulation workshops are given twice a year (cost varies). Please see the Smart Hospital™ Web site for dates and costs.
