UT Arlington provides students with MavMail (e-mail) accounts. MavMail offers students a convenient way to communicate and collaborate with other students, faculty, staff and friends but it's also an official method with which the university can communicate with students about important deadlines, campus events and conduct transactions such as notification about financial aid awards and tuition statements.

**NEW MAVMAIL BROCHURE**

- **BIGGER MAILBOX:**
  25 GB mailbox size for students

- **CALENDAR:**
  Stay organized, remember important events

- **CONTACTS:**
  Synchronization with UTA Global Address Book coming soon
