

# Night-Lab Make-up Assignment

Due Date: November 13, 2009

Due Time: 4:00pm

Location: 133SH

Instructions: You must write a **500** word (minimum) essay on one of the following topics:

1. Beginning with the birth of the Sun (explain this as well), describe how the Solar System formed.
2. Explain Kepler's Laws and give an example of each one using bodies in the Solar System.
3. Describe the structure of the Milky Way Galaxy.

Guidelines:

- Please state which topic you've chosen.
- Your essay will be graded for content and grammar.
- Font size = 12pt
- Margins = 1 inch
- Words = **500** minimum

**Important:**

This assignment will be worth 10% of your lab grade. The actual night lab is worth 12.5%.

Attempts to circumvent the guidelines will result in point deductions.

Plagiarizing will result in an automatic zero.
