**SECTION I
QUICK REFERENCE TO PARKING
AND TRAFFIC REGULATIONS**

- A. **PERMITS REQUIRED FOR ACCESS & PARKING:** Only vehicles conspicuously displaying proper University permits (as specified in Section VI, *infra*) may enter or park on the campus (as shown by the boundaries on the map accompanying the regulations). Visitor's are to obtain temporary permit when not parking at meter or Maverick Garage.
- B. **DISPLAY OF PERMITS:** Parking permits must be properly affixed to or displayed on the vehicle(s) as described in Section VI. Permits which are taped or affixed by unauthorized materials will subject the holder to a citation. Additionally, the permit may be revoked and the holder may lose all parking privileges (Section VIII, *infra*).
- C. **SURRENDER OF PERMITS:** Permits are registered to individuals, not to vehicles. It is not essential to return or replace permits when buying or selling a vehicle. However, when association with the University is terminated or when a replacement permit has been issued to take the place of a previously issued permit, or upon expiration or revocation, then the permit must be surrendered. (Section VI).
- D. **SPECIFIC CLASSES OF VEHICLES:** Permits issued are for four-wheeled vehicles (faculty/staff or student), and motorcycles. No vehicle larger than one (1) ton may be parked on The University of Texas at Arlington campus.
- E. **PERMIT RESTRICTIONS:** Permits issued are as follows:
1. For Residence Hall Parking: AD, AH, B, DP, KC, L, and T
 2. For Faculty Parking: F, FP, FR, FC, R, and RS
 3. For Motorcycle Parking: M and RM
 4. For Rent Property Parking: AR, C, CP, FR, PR, and RP
 5. For Student Parking: A, AD, AP, AR, AS, AT, and R
 6. For Alumni Parking: AA, LA
- F. **LOADING ZONE:** All loading zones are posted for 30 minutes, any violation may result in a citation for overtime parking.
- G. **BICYCLE REGISTRATION:** Bicycles operated or parked on the campus may be registered with the University Police Department. Contact UTAPD at 1225 W. Mitchell, Suite 112 for registration.

Bicycles MAY NOT be secured to any tree, shrub or plant, stairway, walkway, or signpost. Bicycle racks are placed at strategic points on campus.

Bicycles MAY NOT be left unattended on any sidewalk, street, driveway, loading zone, fire lane, building porch or patio, or pedestrian walk. No bicycles are permitted in any building owned, operated, or controlled by The University of Texas at Arlington.

Violations of these regulations will result in the bicycle being removed (impounded) to the University Police Department where the owner may retrieve it after showing proper identification.

All violations of campus bicycle regulations are considered traffic violations, and enforcement fees may be assessed accordingly.

H. BICYCLES, MOPEDS (MOTOR-ASSISTED BICYCLES), SCOOTERS AND SKATES:

(1) This section applies to any person operating a bicycle, a MOPED, roller skates, a skateboard, or a scooter on:

- (a) a campus street or highway; or
- (b) a path set aside for the exclusive operation of bicycles.

(2) a provision of this section applicable to a bicycle also applies to a MOPED, other than a provision that by its nature cannot apply to a MOPED. A person operating a bicycle has the rights and duties applicable to a driver operating a vehicle under these regulations, unless:

- (a) a provision of these regulations alters a right or duty; or
- (b) a right or duty applicable to a driver operating a vehicle cannot by its nature apply to a person operating a bicycle.
- (c) a person may not use a bicycle to carry more persons than the bicycle is designed or equipped to carry;
- (d) a person operating a bicycle may not use the bicycle to carry an object that prevents the person from operating the bicycle with at least one hand on the handlebars of the bicycle;
- (e) a person operating a bicycle, roller skates, a skateboard or a scooter may not attach either the person or the bicycle, roller skates, a skateboard, or a scooter to a vehicle on a campus street or highway.

OPERATION ON A CAMPUS STREET OR HIGHWAY:

(1) Except as provided by Subsection

(2) below, a person operating a bicycle on a campus street who is moving slower than the other traffic on the street shall ride as near as practicable to the right curb or edge of the street, unless:

- (a) the person is passing another vehicle moving in the same direction;
- (b) the person is preparing to turn left at an intersection or onto a private road or driveway; or
- (c) condition on or of the campus street, including a fixed or moving object, parked or moving vehicle, pedestrian, animal, surface hazard, or substandard width lane, prevents the person from safely riding next to the right curb or edge of the roadway.
- (d) a person operating a bicycle on a one-way campus street with two or more marked traffic lanes may ride as near as practicable to the left curb or edge of the street;
- (e) persons operating bicycles on a campus street may ride two abreast; however, persons riding two abreast on a campus street shall ride in a single lane. Persons riding two abreast on a campus street may not impede the normal and reasonable flow of traffic on the street. Persons may not ride more than two abreast unless they are riding on a part of a campus street that has been set aside for the exclusive operation of bicycles, (either temporarily or permanently).

SAFETY EQUIPMENT:

- (1) a person may not operate a bicycle unless the bicycle is equipped with a brake capable of making a braked wheel skid on dry, level, clean pavement;
- (2) a person may not operate a bicycle at nighttime unless the bicycle is equipped with:
 - (a) a lamp on the front of the bicycle that emits a white light visible from a distance of at least 500 feet in front of the bicycle; and
 - (b) a red reflector on the rear of the bicycle that is:
 - (1) of a type approved by the department; and
 - (2) visible when directly in front of lawful upper beams of motor vehicle headlamps from all distances from 50 to 300 feet to the rear of the bicycle.

In addition to the reflector required by Subsection (2) (b), above, a person operating a bicycle at nighttime may use a lamp on the rear of the bicycle that emits a red light visible from a distance of 500 feet to the rear of the bicycle.

COMPETITIVE RACING:

- (1) Competitive racing is not allowed on any campus street or highway without first requesting and obtaining the prior written authorization of the Chief of Police, UTA Police Department;
- (2) only officially registered student organizations may be allowed to conduct a competitive bicycle race on any campus street after obtaining the necessary authorization of the Chief of Police;
- (3) The UTA Police Department and the sponsoring student organization must agree on safety regulations governing the movement of bicycles during a competitive race or during training for a competitive race, including the permission for bicycle operators to ride abreast.

SKATES, SKATEBOARDS, OR SCOOTERS IN CAMPUS STREETS: No person shall skate on roller skates, or a skateboard or skate scooter, whether manually or self-propelled, in any campus street or highway.

- I. **PARKING LOTS:** On occasion during the year, certain parking lots may be closed by the Chief of Police, the President of the University, and/or by the President's designee.
- J. **SPEED LIMIT:** The speed limit on all parts of the campus, whether on streets or in parking areas, is 15 mph unless otherwise posted. (Section IV, infra).

Parking wholly within the marked boundaries of the parking space is required at all times. Vehicles shall not park in a manner that obstructs walkways, driveways, ramps, loading docks, marked cross-walks or inflicts damage to shrubbery, trees, grass, grounds or structures. Additionally, no vehicle may park on any unmarked or unimproved ground area which has not been marked or designated for parking. **Other improperly parked vehicles do not constitute an excuse for improper parking.**

- M. **ENFORCEMENT AND IMPOUNDMENTS:** Failure to abide by these regulations may be the basis for disciplinary action against students and faculty/staff (Sections V and VIII, *infra*). Upon notice, violators may be subject to impoundment of their vehicle(s) pending payment of overdue charges (Section VIII, *infra*). Students may also be barred from readmission and have grades, degree, refunds or transcripts withheld pending payment of overdue charges (Section VIII, *infra*). Vehicles may also be impounded for specific impound violations.
- N. **APPEAL OF CITATION:** University parking and traffic citations may be appealed, within ten days from date of citation, by filing a Citation Appeal Form with the Police Parking Office, (See Section VIII for detailed procedures). Court Appearance Citations are handled by the appropriate state or municipal court.
- O. **VISITORS: A visitor is defined as a person who is neither a student, an employee of the University, or a tenant or individual of a company leasing space in a University controlled facility, nor is he or she a person who uses campus parking facilities for the benefit of a student or employee.** Visitor's or individuals not enrolled or employed by the University must display a visitor parking permit while utilizing University owned parking spaces or lots, UNLESS parked at Maverick Garage or in front of a parking meter. Permits must be conspicuously displayed on the rearview mirror or right hand passenger side of windshield. A visitor is responsible for all violations (including meter violations). Visitor citations may be dismissed once a permit has been obtained/secured and verified through the University Parking Services. **The vehicles of immediate family members are not visitor's vehicles and are required to have a permit** unless the student or employee obtains a temporary HANGTAG prior to the vehicle being parked on campus. **The student or the employee is responsible and will be held accountable for parking citation(s) issued to vehicles being operated by their immediate family.** Visitor parking passes are available daily at no charge, weekly for \$2.00, and monthly for \$6.00. Please refer to S. 2 for available and easily accessible visitor parking in lot #26/Remote parking. Visitors to Davis Hall should enter at the south drive and check in with the parking attendant in this lot. Each visitor will be assisted with parking.
- P. **PEDESTRIAN RIGHTS AND DUTIES:** Pedestrians must obey all traffic control devices. They have the right-of-way at marked crosswalks, in intersections and on sidewalks extending across a service drive, building entrance or driveway. Pedestrians crossing a street at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles on said street. Pedestrians shall not leave the curb or their place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield. Pedestrians may cross an intersection diagonally only where permitted by special pavement marking. Individuals who "jaywalk" within jurisdictional boundaries of the campus may be issued a citation.
- Q. **INOPERABLE VEHICLES:** If a vehicle becomes inoperable, a telephone call shall be placed to the University Police Department at 272-3381. The police will either render assistance or authorize temporary parking. Temporary parking shall not exceed **24** hours and must not create an obstruction or hazard.
- R. **OWNERSHIP OF THE PERMIT:** The ownership of the permit remains with the institution and is not transferable.
- S. **SPECIAL EVENT PARKING:** Reserved parking for special events and seminars that are held on campus must be requested as far in advance as possible and will be granted depending upon the availability of parking. The following areas are designated for special function parking at the University:
1. Maverick Garage: Parking at the Maverick Garage is paid parking and is privately owned and operated. Additional information can be obtained by calling (817) 272-2370.

2. Remote Parking/Lot #26: Visitors using this area can ride the campus shuttle service to their designated location. Routes and hours of operation are altered to meet the University community needs. There may be an additional fee for specified shuttle drop off or pick up services. 20 spaces have been provided directly North of the shuttle stop in lot #26 for visitor parking to encourage departments and visitors to utilize the available spaces in that lot as well as the shuttle system. Visitors will be able to locate these spaces, even if they are not familiar with the campus.

3. Parking Lot #40: This parking lot is located at South Pecan and Border Streets and contains approximately 330 parking spaces. The University Police will barricade the entrance to this lot the day of the scheduled event. However, it will be the responsibility of the department scheduling the event to provide a person to monitor the lot entrance or hire an officer at an overtime rate. In the event that this lot is either entirely or partially closed, a 48 hour notice will be posted at the entrance/exit of both S. Pecan Street and S. Center Street by the University Police Department and Parking Services. In order to post a 72 hour notice to students, the Parking Office will need written notice 96 hours in advance of the planned event from the campus department scheduling the event. Once the lot is closed, students can take advantage of the University shuttle service by parking in lots #25 and #26 during the hours of 7:30 a.m. to 6:00 p.m. Refer to Section IX, Shuttle Busses for more information.

All departments who anticipate scheduling large seminars (20 attendants or more), special functions, or large meetings should coordinate these events, while they are still in the planning stages, with the University Police Department Parking Services. Written requests for reserved special events parking must be made and emailed to the University Parking Services Manager at mabry@uta.edu. The University Police Parking Services can only provide up to 25 hangtags for any one day event and there may be an additional fee for requested hangtags or services. Special Event Parking requests should be made via electronic form located in the Parking forms link on the University Police Parking Service page, <http://uta.edu/parking>. When planning an event an officer is needed to man barricades or secure building, please refer to event security request online form at <http://policy.uta.edu/index.php?navid=17492&resid=17774>

SECTION II GENERAL PROVISIONS

Pursuant to the authority granted by Sections 51.201 et seq., 54.005, 54.505, 65.31 and Chapter 68 of Title 3 of the Texas Education Code, the Board of Regents of The University of Texas System promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, to provide for the issuance of parking permits, and to provide for jurisdiction over offenses. This booklet contains those regulations and procedures applicable to any person who walks or drives and parks a motor vehicle, motorcycle, or bicycle on the campus of The University of Texas at Arlington. These rules and regulations are consistent with the statutes of the State of Texas which govern pedestrians and the use of motor vehicles and bicycles.

The operation of a motor vehicle or bicycle on The University of Texas at Arlington campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/staff member, student or visitor. All faculty, staff and students who have motor vehicles in their possession or control for use, operation or parking on the University campus must apply for a permit with the Police Parking Services Office. **Purchasing a parking permit does not guarantee a parking place on campus.**

The University is not responsible for fire, theft, damage to, or loss of vehicles parked or operated on the University campus. No bailment is created by granting of any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by the University.

The administration and enforcement of the regulations contained in this booklet are as follows:

The Parking and Traffic Committee is a committee appointed by the President of the University. The committee members review and recommend changes to the University Parking and Traffic Rules. The Chief of Police serves as a nonvoting advisor to the committee meetings. Faculty, Staff, or Students desiring a rule change should contact the chairperson of this committee.

The Parking and Traffic Appeals Panel consists of Faculty, Staff, and Student members appointed by the President of the University. Persons wishing to appeal a University citation should complete the "Traffic and Parking Appeal Form" located at the University Parking Services Office, 1225 W. Mitchell St., Suite 112 in the JD Wetsel building.

The Parking and Traffic Administration Office is located at 1225 W. Mitchell St., Suite 112 in the JD Wetsel Building under the administration of the Police Chief or designated representative.

UNIVERSITY POLICE: The University Police have the responsibility and the legal authority for the enforcement of the Parking and Traffic Regulations listed in this booklet. University police officers may issue University citations or Court Appearance citations ENFORCEABLE IN COURT. (See Section VIII). On special occasions and emergencies, such parking limitations may be imposed by the Chief of Police as are required by the conditions which prevail. When conditions warrant such action, the Chief may waive parking limitations.

The University reserves the right to enforce parking and traffic regulations:

- A. through the issuance of University citations and the collection of administrative enforcement charges for offenses;
- B. through the impoundment of vehicles interfering with the movement of vehicular or pedestrian traffic or blocking a sidewalk, loading dock, ramp, crosswalk, entrance, exit, fire lane or aisle and through the impoundment of vehicles for unpaid charges after proper notice as provided by these regulations;
- C. by the suspension or revocation of permits;
- D. by requiring either the vehicle owner or operator or the person who purchased the permit to appear in court or at a University hearing for nonpayment of outstanding charges;
- E. by barring the readmission and withholding grades, degree, refunds and transcript of any student for non-payment of outstanding charges;
- F. by disciplinary action against employees or students who fail to abide by these regulations;
- G. by denying parking permits to those with overdue charges;
- H. by the issuance of Court Appearance citations requiring an appearance in the appropriate state or municipal court; and
- I. by such other methods as are commonly employed by city governments or state agencies in control of traffic regulation enforcement.

Proof of the fact that any parking or traffic control device, sign, parking meter, signal or marking was actually in place at any location on campus of The University of Texas at Arlington, shall constitute prima facie evidence that the same is official and was installed under the authority of applicable law and these regulations.

When any person is charged with having stopped, parked and left standing a motor vehicle on the campus of The University of Texas at Arlington, in violation of any provision of the Parking and Traffic Regulations of The University of Texas at Arlington, proof that said vehicle was, at the date of the offense, bearing a valid University of Texas at Arlington parking permit shall constitute prima facie evidence that said vehicle was then and there stopped, parked and left standing by the holder of the parking permit. However, if the vehicle does not bear a valid University of Texas at Arlington parking permit, proof that said vehicle at the date of the offense alleged, was owned by an individual is prima facie proof that said vehicle was then and there stopped, parked and left standing by said individual.

The University assumes no responsibility for any vehicle or any duty to protect any vehicle or its contents at anytime the vehicle is operated or parked on the campus.

The University may deem a motor vehicle including a motorcycle, motor scooter, moped or bicycle parked on the University campus for more than 48 hours without a valid permit to be abandoned and may dispose of such vehicle as provided in Section 10 of Chapter VII, Part Two of the Regents' Rules and Regulations.

SECTION V PARKING REGULATIONS

The various classes of parking permits and their eligibility requirements, privileges and limitations are described in detail in Section VI.

Parking and traffic regulations on campus are in effect at all times.

Failure to abide by parking and traffic regulations may be the basis for disciplinary action against students and employees. Students may be subjected to penalties ranging from disciplinary probation to expulsion from the University as outlined in the Rules and Regulations of the Board of Regents of The University of Texas System, Part One, Chapter VI.

Employees may be subjected to disciplinary penalties including termination of employment as outlined in Section 3.27 of the FISCAL REGULATIONS AND PROCEDURES HANDBOOK. When an employee has accumulated three or more unpaid parking or traffic violations and/or charges, the employee's Dean, Director, or Administrative Official may be notified by the Chief of Police. When a student is placed on the bar list for unpaid parking or traffic violations, the Associate Vice President for Student Affairs shall be notified by the Chief of Police.

A. PARKING AREAS

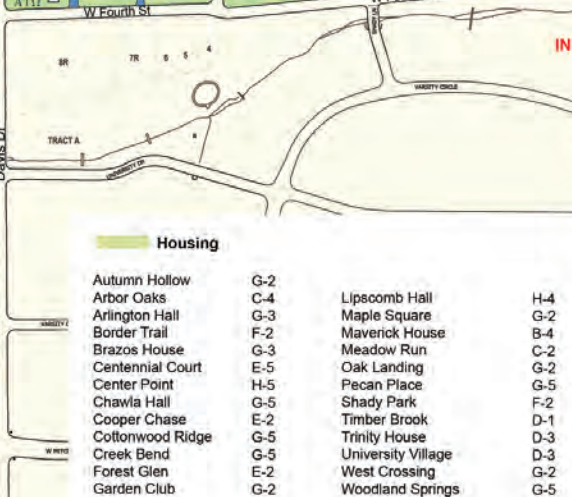

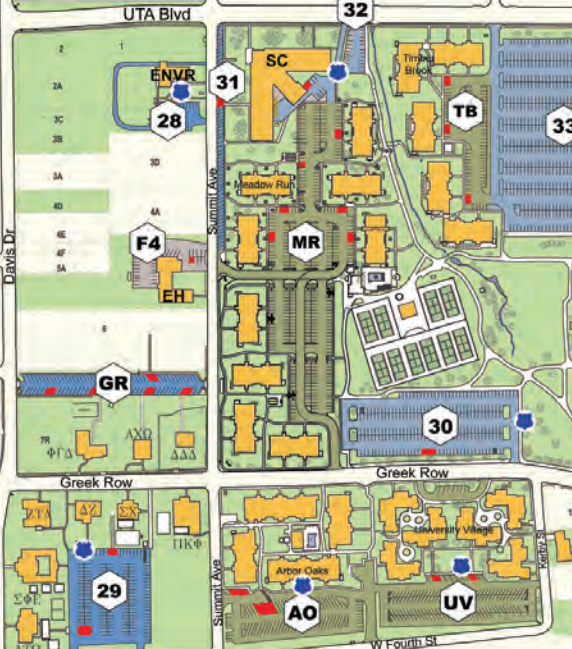

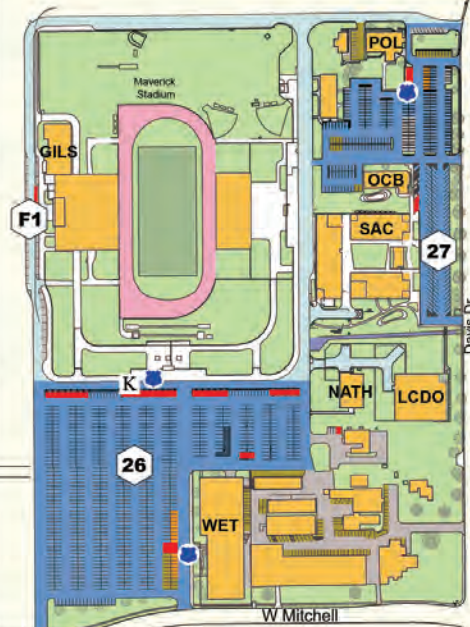

1. Controlled parking areas include all parking lots, metered parking, and all streets within the jurisdictional boundaries of the campus and all streets abutting the campus. Signs and markings have been placed to designate controlled parking areas.
2. Each person parking a vehicle on campus, will be issued a numbered permit which will permit the vehicle to be parked in the area designated by the permit. Students parking areas are: A,AD,AH,AP,AR,AS,B,C,KC,L,M,T,R,RM and RP.
3. No vehicle may be parked in an area other than that designated by the permit on the vehicle except as designated in Section IV-B.
4. Faculty and staff members who have obtained parking permits may use any faculty/staff parking lot on campus, with the exception of those members who purchase a reserved space. Faculty/staff who purchase reserved parking spaces will be restricted to those spaces unless conducting business on another part of campus. Parking so as to take an additional space in their assigned lot or an adjacent lot can result in a citation unless such parking is temporary due to another vehicle parking in their assigned reserved parking space. The FR permit may be used at rental property sites as well as any faculty parking lot.
5. Retired Faculty/ Staff - Any compensated employment post retirement voids the status of retired permit and requires the purchase of a F/S permit

SECTION VI PARKING PERMITS

- A. **FACULTY AND STAFF:** A parking permit will be issued upon full payment of parking fee or filing of a payroll deduction form at the University Police Parking Services Office located at 1225 W. Mitchell St., Suite 112. Payroll deduction is available in the months of July and August only, each fiscal year. To qualify for payroll deduction, faculty or staff have to work 30 hours a week or more.
- B. **STUDENTS:** Every person registered as a student and who operates a vehicle at this University, will be issued an appropriate permit by the University Police Parking Services Office located at 1225 W. Mitchell St., Suite 112.
- C. **GRADUATE STUDENTS:** Who are teaching or on research and funded by The University of Texas at Arlington and who are appointed for at least 20 hours weekly (50% of time) on a personnel action form (PAF) are eligible for faculty/staff parking privileges. Adjunct or visiting professors who teach less than 20 hours a week are eligible for faculty/staff parking privileges. Both graduate students and visiting or adjunct professors must present a letter to the University Police Parking Office from the Department Chairperson, and Dean to qualify for a faculty/staff permit, but are not eligible for payroll deduction.

NOTE: Non-UTA students, residents, or faculty/staff members who attend or work at any other UT System Component Institution are eligible for one complimentary permit when proof is shown of purchase from any of these Universities. Complimentary permits are only used if you are affiliated with any of these Universities and should not be used for any family members who are just attending this University.

D. Examples:

1. **Each faculty, staff and student will receive only ONE permit per fiscal year. If it becomes necessary to drive a different vehicle, the permit is transferable. However, the permit owner is responsible for all violations accrued by any vehicle that has their permit number affixed and possibly all citations on said vehicle, when permit is not displayed. Temporary hang tags will only be issued when following policy provided in Section VI, Parking Permits, N, #2.**
2. If you originally drove one automobile and it becomes necessary to drive a motorcycle also, you may do so by paying the additional fee of \$6.00 and providing proof of ownership of both your automobile and your motorcycle. You will then be issued a **permanent** motorcycle permit. The

permit for your car will remain the same. **When registering an automobile and motorcycle, regardless of which is registered first, the full rate is charged for the automobile and the motorcycle is always the secondary vehicle.**

3. If you originally drove a motorcycle and it becomes necessary to drive an automobile you may do so by paying \$6.00, and showing **proof of ownership of both your motorcycle and automobile**. You will be issued an automobile permit, the permit for your motorcycle will remain the same. Multiple permits entitle the holder to **park only one vehicle on campus at any given time**.

- E. Individuals having physical disabilities must obtain and display their disabled placard along with their purchased permit when parking in a disabled parking space on campus. All individuals will need to contact their local Texas Department of Transportation for confirmation details to apply and/or obtain County disabled placard. For more information visit the Office of Disabled Student's Website: <http://www.uta.edu/disability/>

- F. The fees for permits to allow the parking of motor vehicles on the campus of The University of Texas at Arlington are shown in Table I. All parking fees are payable at the University Police Parking Services Office, 1225 W. Mitchell St., Suite 112, or Bursars Office, first floor E.E. Davis Hall.

- G. Students, faculty or staff members who terminate their enrollment or their employment, **prior to spring registration** and who have paid a vehicle permit fee for both fall and spring semesters, may receive a partial refund of the fee in accordance with Table II provided they return their permit. **No refunds on parking permits will be given after the spring census date for students, and after the last working day of April for faculty/staff. In order to receive a refund, permits are required to be returned in person to the University Parking Services office or certified mail.**

- H. Due to the reserve nature of parking, each student, faculty and staff will receive only one (1) permit. Should the need arise to bring a vehicle without a permit on campus, a temporary HANGTAG may be obtained as outlined in Section VI, Parking Permits, D. If an additional permit is required, it can be obtained at the full price cost.

- I. The higher parking assessment fee for faculty/staff is based on most faculty/staff being on campus twelve months, whereas, most students are considered to be on campus nine months. In addition, faculty/staff have preferred parking lots in relation to facilities on campus.

- J. A vehicle is permitted to have only one current permit displayed. It is not permissible to have a current student and faculty/staff permit displayed on the same vehicle at the same time.

- K. **DISPLAY OF PERMITS:** A permit to park a motor vehicle on campus will not be honored unless the permit is displayed properly with the face of the permit showing outward on the lower right hand side of the front windshield (passenger side). Permits are easily removable for transferring to a different vehicle. Failure to follow instructions concerning displaying the permit will result in citations being issued. Parking permits for motorcycles, motorbikes and motor scooters must be permanently affixed to a location in which the permit may be easily seen and the number of the permit easily read. If the permit becomes defective for any reason, the permit should be brought back to the Parking Services immediately for even exchange.

Examples of Violation:

Lying in tray, console, seat, or on the dash. Laminated and placed or taped in window.

1. **If permit is lost or stolen and not reported immediately, the owner will be held responsible for all citations issued.**
2. **The person in whose name the parking permit is issued, is responsible for all the parking violations of that motor vehicle whether actually operating the motor vehicle at the time of the violation or not.**
3. If after having purchased a parking permit, it becomes necessary to use a vehicle without your assigned permit for emergency or other reason, a temporary parking HANGTAG must be obtained from the University Police Parking Services Office, and displayed in the vehicle in the proper manner. A temporary HANGTAG will be given for periods not to exceed five days, and no more than two (2) HANGTAGS in succession for fall, spring, or summer semester. After two (2) HANGTAGS have been issued during any one session, a fee of \$5.00 is charged per week for each additional HANGTAG.
4. Residents of University residence halls may park only one vehicle at the residence hall parking. When the need exists to park a second vehicle, a temporary HANGTAG must be obtained prior to parking. This temporary HANGTAG will be valid for five days. The fee for residence hall parking is \$112.50 annually. Residence hall permits are valid only in the designated residence hall parking except during periods of open parking (refer to Part IV GENERAL TRAFFIC REGULATIONS, Section B & C).
5. A resident of a University apartment may receive not more than two (2) permits to park vehicles at the apartment complex. The fee will be \$112.50 annually for the first permit and \$112.50 annually for the second permit for students. Proof of ownership must be shown for both vehicles to receive two permits. Student Rental Property Permits are valid only in Rent Property Parking Lots, except in circumstances where rental property is full. Residents may then park in closest student "A" parking lot. (refer to Part IV GENERAL TRAFFIC REGULATIONS, Section B & C). Residents parking a vehicle and a motorcycle will be assessed \$90.00 annually per permit.

L. RETURN OF PERMITS: Permits shall be returned to the University Police Parking Services Office:

1. when association with the University is terminated;
2. when a replacement permit has been issued to take the place of a previously issued permit; or
3. upon expiration or revocation of the permit.

M. CLASSES OF PERMITS AND ANNUAL FEES: See Table I, Table II, and Table III for classes of permits and annual fees. **(See chart attachment)**

Parking:

1. Motorcycles and Motor Scooters may park in designated areas only.
2. Motor-Assisted-Bicycles and Mopeds (with a total engine displacement of less than 50cc) may park in motorcycle parking.

NOTE: Motorcycles, Motor Scooters, Mopeds and Motor-Assisted Bicycles shall NOT be parked or otherwise secured in unauthorized places such as sidewalks, posts, railings, or trees. These vehicles may not park in spaces marked for passenger cars or trucks when motorcycle parking is available and are required to have a permit.

Operation:

Motorcycles, Motor Scooters, Mopeds and Motor-Assisted bicycles shall NOT be ridden, operated, or parked on pedestrian walkways or sidewalks. On University streets, operators shall comply with ALL traffic control devices e.g. one-way signs, stop signs, etc.

The University Parking Services Office will issue a two (2) week pass per doctor's letter until the county disabled placard can be obtained.

All disabled veterans, Congressional Medal of Honor recipients, former Prisoners of War, Pearl Harbor survivors, Purple Heart recipients, and all disabled persons, whose vehicles display the specially designed license plates and placards issued by the Texas Department of Transportation printed thereon, in compliance with the provisions of the Texas Transportation Code, are required to purchase a permit whether they are student, resident, faculty or staff. They may park in specified parking or in disabled as long as they display their placard or plates issued by Texas Department of Transportation along with their purchased permit.

All permanently disabled persons whose vehicles properly display the specially designed symbols, tags, placards, cards, DAV tags, or other devices issued by the Texas Department of Transportation with the word "DISABLED" printed thereon in accordance with the provisions of Article 6675a-5e.1, Texas Revised Civil Statutes Annotated **are not** exempt from parking permit fees, and fees and penalties related to parking in a parking garage or lot, meter or space with a limitation on the length of time for parking.

These exemptions permit parking only in spaces where parking would otherwise be appropriate and do not permit the parking of a vehicle at a place where parking is restricted or prohibited.

N. OTHER TYPES OF PERMITS ISSUED

1. RESIDENCE HALL AND APARTMENT (RENT PROPERTY) PARKING: Residents of University residence halls and apartments **must** purchase a residence hall parking permit for residence halls and rent property permits for apartments. Apartment residents are restricted to parking in apartment parking where they reside and the resident hall residents are restricted to resident hall parking, except after 5:00 p.m. when they can park in any approved faculty or student parking as provided in Part IV GENERAL TRAFFIC REGULATIONS, Section B. Residents have the option of parking at the Maverick Stadium (Lot26). **Residents wishing to park in any designated student lot must pay an additional \$112.50 annually for the appropriate permit.**

2. TEMPORARY PARKING HANGTAGS, good for a period of five days, may be obtained for a fee of \$2.00. The HANGTAG will allow visitors and temporary workers who have not previously received a permit for their vehicles to bring that vehicle on campus for short periods of time.

3. VENDOR HANGTAGS are issued to individuals providing a contractual service to this University. These individuals are subject to the Rules and Regulations contained in this booklet. Vendor vehicles and University service vehicles may park in signed spaces designated as "University and Service Vehicle Only."

O. **PAYMENT OF FEES:** When a permit is issued, the fee charged will be for a complete year or for the entire unexpired portion of the University's permit year.

P. **REPLACEMENT CHARGES:** Any time a replacement permit is issued, an additional \$25.00 permit fee will be charged. However, **if the PERMIT becomes defective, it can be exchanged at no**

charge. If remnants of a motorcycle permit are not returned, a replacement permit will be \$112.50 annually. Motorcycles are always a secondary vehicle.(Section VI,D.)

- Q. **REFUNDS:** A request for refund will not be honored unless it is filed with the University Police Parking Services Office during the University's fiscal year in which payment was made. A request for refund must be accompanied by the appropriate permit and turned in before the semester census date. Refunds will be made to members of the faculty and staff upon request in the event service is terminated by a resignation or leave of absence without pay. The refund will be based on refund rates in Table II. **No refunds will be made after the Spring census date. Refunds will be made, upon request, to students who withdraw from the University at the end of the fall semester, but refunds will not be made to students who withdraw from the University after the Spring census date.** Permits are required to be returned in person to the University Parking Services office or certified mail. A request for a refund will not be honored when a person's privilege to park and drive on campus has been suspended nor if outstanding charges or other debts remain unpaid.

SECTION VIII ENFORCEMENT

- A. **PARKING AND TRAFFIC CITATIONS:** University Police are authorized to issue two types of citations for violation of University parking and traffic regulations:
1. **UNIVERSITY CITATIONS** - Those handled by the University, subject to University administrative enforcement charges and a right to appeal within the University (Paragraph E below).
 2. **COURT APPEARANCE (CA) CITATIONS** - Those issued by the University Police constituting a summons to appear in either municipal court or a justice court.
- B. **POLICY WITH RESPECT TO COURT APPEARANCE (CA) CITATIONS:** The University reserves the right to issue a CA citation for any violation. It is the general policy of the University, however, to issue CA citations at the University's option as follows:
1. for moving violations;
 2. for any violation when the individual's driving or parking privileges has been suspended (See Paragraph E below); or
 3. when an individual receives a University citation and all reasonable attempts at collection have failed.
- C. **PROCEDURE FOR UNIVERSITY CITATIONS:** University citations are issued for offenses described

in Section VII. The administrative enforcement charges are as shown. (Section VIII, J.)

Every person receiving a University citation shall remit the amount of the charge to the University Police Parking Services Office or the Bursars Office. Payment must be received within the Accounts Receivable billing period after issuance of the citation, to avoid a late charge.

If a person desires to appeal a University citation, he/she shall comply with Paragraph E below within 10 working days after issuance of the citation. Requests for exceptions to the appeal deadline will be considered on an individual basis, if mitigating or unusual circumstances exist. Such requests shall be submitted in writing to the Chief of Police and shall detail the reason(s) such a request is being made. **Requests based solely on alleged nonreceipt of a copy of the citation will not be honored.**

When Court Appearance citations are issued, the University citations will be canceled. Failure to discharge CA citations may result in the issuance of a warrant for the arrest of such person.

Persons with unpaid charges recorded in their names shall be ineligible to receive parking permits while such charges remain unpaid. To obtain a permit, a person shall either pay the charge or timely request a University hearing.

D. **ENFORCEMENT:** When unpaid charges are recorded, these charges will generate a debt to that person's University Accounts Receivable Bill.

A tow notice will be issued when three (3) or more citations are past the ten day appeal date. Once the tow notice is issued to the vehicle, if the driver or owner does not contact the University Police Parking Services Office within the next 10 days, that vehicle will be towed when found on the University campus. This tow notice will override the University Mav account due date. Once the vehicle is towed, citations must be paid in order to release the vehicle.

Any vehicle accruing 6 or more citations will be considered habitual violators and will be subject to immediate tow without tow notice. Tow notice has precedence over habitual violator immediate tow.

If your vehicle receives a tow notice, it shall state:

Be advised that you are in violation of Article VIII, Enforcement, of Traffic and Parking Regulations and your privileges to park or drive on The University of Texas at Arlington Campus are suspended, provided one of the following procedures are not followed:

1. Payment of all accumulated charges is made within ten (10) days from the date of this notice.
2. A **written** request is made within ten (10) days to appear before a University hearing committee concerning impoundment/immobilization of the vehicle or for barring of readmission and/or withholding of grades, reports, transcript, or diploma.

Henceforth, after ten (10) days from the date of this notice, if your vehicle is located on campus property, it will be impounded and stored at your expense.

Such a hearing is not an appeal of the Parking and Traffic citations but is a limited hearing to allow the individual an opportunity to show that the vehicle in question was not owned, registered or used by the individual or to show that the individual receiving notice of impending sanctions does not have unpaid parking and traffic charges. At such hearing, which will be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action should not take place.

1. **IMPOUNDMENT:** If the person has failed to meet his or her burden of proof and payment is not received within 10 days of the panel's decision, the vehicle may be impounded pending payment of all charges, including towing and storage charges, without further notice. If the vehicle operator or the person who was issued the permit has failed to appear at the requested hearing, the vehicle may be immediately impounded pending payment of all charges, including towing and storage charges, without further notice.

PROCEDURE FOR IMPOUNDMENT: The term "impoundment" includes towing, removal, immobilization, and storage of the vehicle in question.

In addition to any charge that may be levied by the University for an offense resulting in removal, the owner of an impounded vehicle must also pay a commercial wrecker service fine and storage charges. When an IMPOUND VIOLATION occurs and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker and the wrecker driver has made a hookup, the following will apply:

- a. The vehicle may not be impounded; and
- b. the owner or driver will be expected to pay the wrecker a fine, in lieu of towing.

If vehicle is impounded, the registered owner or permit holder will be notified by the tow company between 2-5 days from date of tow and an additional notification fee may apply.

2. **BAR AGAINST READMISSION AND WITHHOLDING OF GRADES, DEGREES, TRANSCRIPTS AND REFUNDS:** If timely payment is not received from a student and the student has failed to appear at the requested hearing or has appeared and has failed to meet his or her burden of proof, the student may be barred from readmission and grades, degree, transcript and refunds may be withheld, without further notice. Additionally, the vehicle registered to the student may be subject to impoundment.

- E. **APPEALS FROM UNIVERSITY CITATION(S):** Any person who has received a University citation and believes they have ample justification or mitigating circumstances may file a request to have the citation reviewed. This appeal must be filed with the University Police Parking Services Office not later than 10 days after the citation was issued. If an appeal is not filed within this time, the citation is deemed final. If the appeal date of the citation is not set by the Accounts Receivable billing due date, the citation will need to be paid and if found not guilty will be credited to that person's account.

Appeals shall be prepared in writing on the "Citation Appeal" form provided by the University Police Parking Services Office. This form must be filled out completely and legibly or the student, faculty/ staff will not be notified by mail of their appeal date. Therefore, the written appeal will be sent to the Appeals Committee and their decision will be final. Appeals may be based solely on the written statement or the appealing party may also request a personal appearance. Failure to request a personal appearance or failure to appear at the hearing (as requested) will result in the decision being rendered on the basis of the written statement (including any supporting material submitted) and the information as shown on the citation(s).

"Citation Appeal" form will be reviewed by an Appeals Panel for a decision, unless the appeal form does not fulfill the University guidelines of a valid appeal, and the appealing party will be notified, in writing, of the decision. The Appeals Panel may order the payment of the administrative enforcement

charge(s), or the cancellation of such charge(s).

If appeal is deemed invalid, then it will automatically be pulled from the appeal file and deemed payable on that persons University Accounts Receivable bill. **Not knowing the Rules and Regulations will not be considered as justification for appealing a citation.**

The following reasons are examples that may be invalid for parking illegally and appealing a citation for any violation: (these are not all inclusive)

- . Parked Only For A Few Minutes
- . Referring To The Rules As Ridiculous
- . Inclement Weather
- . Late For Class Or Meeting
- . Lot Being Full
- . Drive Occasionally And Should Not Have To Purchase A Permit Or Pay Any Fine
- . Another Student/Faculty/Staff Advised Me To Park There
- . All Meter Violations, Including No Signage With Instructions To Pay Meter
- . All Violations, Referring to Posted Signs And/Or Designation
- . Jaywalking Citations
- . Other Improperly Parked Vehicles Do Not Constitute An Excuse For Improper Parking
- . No One Told Me The Permit Expired
- . No One Told Me Where Or How To Park On Campus

F. **REVIEW OF APPEAL FROM UNIVERSITY CITATION(S):** Any person who has appealed a University citation(s) and who is not satisfied with the decision of the University Parking and Appeals Panel, may have the decision reviewed by the Chairperson of said Appeals Panel. Such request shall be submitted in writing to the University Police Parking Services Office within 10 days from the date of the original decision. This written request shall, in letter form, set forth the facts on which the appealing party believes the decision was improper or inequitable. Such written request shall be submitted and include the following:

1. citation number(s);
2. license number of vehicle(s);
3. date of notification of original decision;
4. date review requested; and
5. printed or typed name, address, and signature of person requesting the review.

Each review will be considered by the University Appeals Panel Chairperson. The Chairperson may uphold the decision of an Appeals Panel or the Police Department, or may reverse the decision in whole or in part, as deemed appropriate.

The decision of the University Appeals Panel/Chairperson shall be final.

G. **SUSPENSION OF PRIVILEGE TO DRIVE AND PARK ON CAMPUS:** The loss of the privilege of driving or parking a motor vehicle on campus shall commence 10 days after the University Police Parking Services Office mails a letter to the person, at the address of such person as shown in the records of that office, stating that such person's privilege of driving or parking a motor vehicle on campus has been suspended. Such letter shall state the term of the suspension and will give notification of possible impoundment for parking offenses committed during the period of suspension and shall state the reason for such suspension.

Any person who (a) forges or alters a permit; (b) uses a forged or altered permit; (c) transfers a permit, uses a permit not purchased by the individual, or fails to destroy a permit when required to do so by these regulations with the intention of providing any person with parking privileges he/she is not en-

titled to under these regulations; (d) provides false information to obtain a parking permit with knowledge thereof; or (e) parks or drives a vehicle using a permit which the individual did not purchase, shall lose the privilege of driving or parking on the University campus for six months. While a person's privilege of driving or parking a vehicle on campus is suspended, it is unlawful (1) for that person to drive or park any motor vehicle on the campus and (2) for any person to drive or park a vehicle using a permit purchased by such person on the campus.

If a person whose privilege of driving or parking on campus has been suspended receives a University citation by reason of having a vehicle on campus during the period of his/her suspension, the period of suspension shall be extended so that it expires twelve months from the date the person received such additional citation. In addition, the violations of the suspension shall be reported to the Associate Vice President of Student Affairs if the person is a student or to the appropriate Dean, Director or Administrative Official for possible disciplinary action if the person is a faculty or staff member.

A person receiving notice that his/her privilege of driving or parking a vehicle on campus has been suspended may appeal the suspension within ten days on the grounds that the imposition of such suspension is improper or will create serious and substantial hardship. Such appeal shall be governed by the provisions of Paragraph D above. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with the University Police Parking Services Office.

H. **DESTRUCTION OF PERMIT WHEN SUSPENDED:** Every person receiving notice that his/her privilege of driving or parking on the campus has been suspended shall return the remnants of the permit issued (or the entire permit) to the University Police Parking Services Office within ten days after date of such notice. Failure to do so shall be reported to the Associate Vice President of Student Affairs if the person is a student or to the appropriate Dean, Director or Administrative Official if the person is a faculty or staff member.

I. **ELIGIBILITY TO OBTAIN NEW PERMIT DURING PERIOD OF SUSPENSION:** A person whose privilege of driving and parking on the campus is suspended and not reinstated shall be ineligible to receive a parking permit of any type during the period of suspension.
