

Department of Political Science

Setting Up Departmental Computers (August, 2005)

- All new Departmental computers will have Windows XP Professional with Service Pack 2.
- The Department will install the following:
 - Symantec (Norton) AntiVirus
 - Office 2003 (Word, Excel, Powerpoint, Outlook, Publisher, Access, InfoPath, and Front Page)
 - QWS (for CICS)—host name is utarladm.uta.edu—from <http://oit.uta.edu/oit/downloads.html>
 - DEFINE (for authorized administrators only)--see http://oit.uta.edu/oit/eis/enterprise_apps/osw/osw_install_pc_off_campus.html. This should also have a connection for CICS when completed.
 - Adobe Acrobat Reader: <http://www.adobe.com/products/acrobat/readstep2.html>
 - Secure Shell (FTP)—from <http://oit.uta.edu/oit/downloads.html>
 - WS_FTP (another FTP): <http://oit.uta.edu/cs/drives/ftp/wsftp/wsftp.html>
 - Microsoft Anti-Spyware from www.microsoft.com/athome/security/spyware/software/
- If you would like access to the campus server (on campus), please contact OIT (helpdesk@uta.edu)
