**TEXTBOOK/MATERIALS**

No book is required for this class. Students have access to materials for the course in UTA Blackboard. However, in the case that a student desires to complement the lectures with a textbook, there are many “Music Appreciation” books (with little variations between them) that would be adequate (if advice is needed on selecting a book please contact the instructor). Here are just some of the many possibilities for a book:
- Bonds, Mark Evans: *Listen to This*. Prentice Hall (any edition).

**BLACKBOARD**
This is a web-based information, assignment and assessment platform. This platform will be used during the semester for providing information, class materials, announcements, assignments and quizzes. There is no cost to use UTA Blackboard. You can access it at: http://www.uta.edu/blackboard/

In the BLACKBOARD Student Resources sections you will find tools and information to use the system. **It is the responsibility of the student to become familiar with this system.**

**NAXOS LIBRARY**
This is a database that can be used to listen to musical examples. https://libproxy.uta.edu/login?url=http://uta.naxosmusichlibrary.com

Enter your UTA username and password and you will have access to all the recordings listened in class.

**ATTENDANCE**
- Attendance and professional behavior are expected in this class. There will be many ways to take attendance: at beginning, middle or end of the class. **Unexcused absences will impact greatly your grade.**
- Some examples of unexcused absences are: alarm clock not functioning, car troubles, illness without a doctor’s note, etc. For these instances students will be **allowed three unexcused absences during the semester.**
- In the event of a medical or personal emergency, please inform me by e-mail as soon as possible. **Depending on the type of emergency I will decide if the absence is ‘excused’ or ‘unexcused’.**
- The following table describes the impact of unexcused absences:

PARTIAL ATTENDANCE (TARDY)
- If a student arrives late he/she can still receive Partial Attendance credit (Tardy) provided the student arrives no later than 20 minutes after the beginning of the class.
- Students not attending at least 30 minutes of each class will not receive even partial attendance for that class.
- Three instances of tardiness will equal one unexcused absence.

COMMUNICATION
The official way of communicating information is through BLACKBOARD and the e-mail account posted at MyMav. You are required to check at least twice a week BLACKBOARD and your UTA e-mail. I do not establish communication to hot-mails.

GRADING
The grading will be a combination of tests, graded assignments, and short quizzes:

TESTS
Tests will take place in the classroom. Assignments and quizzes and group research will be graded trough BLACKBOARD. You are required to check BLACKBOARD at least twice a week.
**Test Dates:** TBA

- Test 1: The Nature of Music,
- Test 2: Medieval, Renaissance
- Test 3: Baroque
- Test 4: Classical
- Test 5: Romantic, XX C.

**I do not give make up tests for unexcused absences.** In case of a justified absence I will decide how to make up for the test. Some of the options include: oral test, written essay, or average of previous tests.

**SIGNATURE ASSIGNMENT PAPER**
This project takes the form of a paper produced by team of students. It is based on the analyzing, comparing, and contrasting of two pieces of music (a piece from Western Art Music culture and a piece from any other culture such as pop, commercial, world music, etc). The task will focus on analysis of elements (historical, musical, and social), and the discovering of existing links. The paper will also allow students to develop team-working skills. **More detailed information about this paper is found in the appendix at the end of the syllabus.**

**EXPECTATIONS FOR OUT-OF-CLASS STUDY**
A general rule of thumb is this: for every credit hour earned, a student should spend 3 hours per week working outside of class. Hence, this course has minimum expectation of 9 hours of reading, study, etc.

**EXTRA CREDIT**
The only possibility to earn extra credit in class is by attending approved concerts as follows:

- **Concerts where I am not present:** This is any concert that you attend from the approved ensembles list found in Blackboard. Up to 4 points extra credit by attending up to 2 appropriate concerts (2 point per concert), and turning a **one page typed concert report with program and ticket stub.** You will find in Blackboard the list of accepted ensembles for this option.

- **Concerts where I am present:** This is a series of concerts which I will attend and will sign your program at the concert. Up to 6 points extra credit by attending up to 2 appropriate concerts (3 points per concert). No report is necessary since I will be at the concert and I will sign your hand-program at the end of the concert. **I will not give credit for programs presented without my signature.** You will find a list of concerts that “I will attend” in Blackboard.

- Extra credit applies to ‘Final Grade’.
- The maximum extra credit is 10 points.
POSTING OF “REQUIRED CONCERTS” AND “EXTRA CREDIT” ACTIVITY
Students have a maximum of a week after the date of the event to present their ‘required concert’ or ‘extra credit’ documents. These will be immediately posted in Blackboard. Students will have a maximum of a week after submitting their hand programs or tickets to manifest discrepancies between their activity and the activity posted in Blackboard.

Honor Code
Students enrolled in this course are expected to follow the UTA Honor Code:

I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence. I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

Academic Dishonesty: The University of Texas at Arlington adheres to a strict code prohibiting academic dishonesty including “plagiarism, collusion, the submission for credit of any work or material that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.” (Regents’ Rules and Regulations, Part One, Chapter VI, Section 3, Subsection 3.2, Subdivision 3.22)

ADA (Americans with Disabilities Act): Anyone with a disability which may require accommodation or some modification of seating, testing, or other class requirements. It is the responsibility of the student to inform the faculty and “provide the authorized documentation through designated administrative channels.”

Student Support Services Available: The University of Texas at Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. These resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals to resources for any reason, students may contact the Maverick Resource Hotline at 817-272-6107 or visit www.uta.edu/resources for more information.
Drop Policy: Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (http://www.uta.edu/aaofao/).

Emergency Exit Procedures: Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exit, which is located on both sides of the large screen in front of the room. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist handicapped individuals.

Music Appreciation MUSI 1300
Signature Assignment Paper

Western Art Music and ‘My’ Music

Project Description
This project takes the form of a paper produced by team of students. It is based on the analyzing, comparing, and contrasting of two pieces of music (a piece from Western Art Music culture and a piece from any other culture such as pop, commercial, world music, etc). The task will focus on analysis of elements (historical, musical, and social), and the discovering of existing links. The paper will also allow students to develop team-working skills.

The Pieces
Students will select two pieces to be compared and contrasted. One of them must belong to the Western Art Music culture and other could come from any other culture. The choice is free within the following requirements:

Western Art Piece
- The piece could not be one of those studied in class
- The length of the piece should not be inferior to 8 minutes
- The choice of the piece must be approved by the instructor

Second Piece
- Any culture, style, or period with the exception of Western Art Music
- Minimum length 2 minutes
- For purposes of assessment the piece should be available in Youtube.
- The choice of the piece must be approved by the instructor

Sections of the Paper

Title
This must include the title of the project, the titles of the pieces to be analyzed, and name of the members of the team

Abstract / Introduction
In this section students should briefly describe their pieces, the methods used to analyze them, the main findings of the analysis, and potential links found between the compositions. This section should not be longer than 300 words.

Analysis
It will consist on three sections:

Historical Elements
Teams will provide relevant information of the historical and contextual elements surrounding the compositions. These include but are not limited to: characteristics of the style, historical period, information about composers, performers, etc.
Musical Analysis
Students will analyze the pieces focusing on at least three of the following elements: melody, rhythm, harmony/mode, texture, tempo, articulation, dynamics, and instrumentation. Students must analyze the form of the pieces providing charts of the different sections (as exemplified in class) including the following information: arguments to justify the form (sections), location (timings) of the sections, description of the musical elements in the different sections, and labeling of the different sections.

Social Impact
Students will conjecture about the role of these pieces in society. In the case of pieces that are not contemporary, the teams will analyze the role of the pieces in their respective time and in current society.

Comparison/Contrasting of the Pieces
In here students will develop their compare/contrast component of the project, establishing possible links (historical, musical or social) between the two analyzed pieces.

Conclusions
Final thoughts where the team will consider the implications of the analysis made.

Mechanics of the Project and Deadlines
1. Forming the groups (deadline XXXX)
   - Each student is responsible for integrating in a group (5-10 students)
   - A member of the group will submit the names of the members (last, first) and their college affiliation (ex. School of Nursing, Liberal Arts, College, School of Engineering, etc.)
   - Each team should have the representation of at least 2 different schools or colleges on campus
   - Students not integrated in groups by the deadline will be integrated in groups by the instructor

2. Selection and submission of pieces (deadline XXXXX)
   - Within the team students propose, discuss, and select the two pieces
   - Pieces are submitted for approval to the instructor (through Blackboard)
   - The submission should including URL information to retrieve the piece on Internet
   - If the pieces are not approved by the instructor then the students will select a new set of pieces until the set is approved.
   - It is in the interest of the team to begin the process as soon as possible in order to meet the deadline of having the pieces approved.

3. Organizing the work
   - As soon as the pieces are approved students can begin the work.
• Team-work is part of assessment. Teams are responsible for organizing meetings, division of tasks, and all the work inside the group.
• Teams should adhere to the format guidelines given below.

4. Submission (deadline)
   • Projects will be submitted in Blackboard.
   • Submissions should be presented through Blackboard’s SafeAssign.
   • Each student will also submit the Team Member Critique Sheet (see assessment rubrics).

Format
• The length of the paper will have a maximum of 3000 words.
• Please use academic relevant sources. Online sources are allowed but students should consult at least five printed sources.
• The paper must follow any recognized writing style such as *The Chicago Manual of Style* (relevant in the case of quotations, footnotes, endnotes, abbreviations, etc.). In case of doubt, contact the UTA Writing Center ([http://www.uta.edu/owl/](http://www.uta.edu/owl/)).
• The paper must adhere to the guidelines of the UTA Academic Integrity ([http://www.uta.edu/conduct/academic-integrity/index.php](http://www.uta.edu/conduct/academic-integrity/index.php)).
• The paper will be submitted with the help of Blackboard’s SafeAssign ([http://www.uta.edu/blackboard/students/course-faq.php](http://www.uta.edu/blackboard/students/course-faq.php)).
• The paper should not be an exercise in ‘copying and pasting’. No more than 10% of direct quotations will be allowed in the paper. Beyond this point there will be an impact in the assessment.
• Font Size: no smaller than 11 point font
• Line Spacing: use 1.5 line spacing
• Margins: use 0.75 inches (minimum) on all sides

**Assessment: Grading**
The paper will assess 4 areas (each area 0-5 points) as follows:

**COMMUNICATION SKILLS COMPETENCY**

Competency Statement: Students will demonstrate effective written, oral, and visual communication.

Description of Assignments: Assignments to be assessed for the communication competency would require students to present a grammatically correct essay or speech effectively organized with an introduction, conclusion, thesis statement, supportive reasoning, and appropriately documented evidence.

Definitions of Concepts

1. Focus – is the extent to which the content of the essay/presentation corresponds to the thesis statement. In other words, good focus means that the thesis statement drives the whole document. Each section, then, focuses on presenting and arguing the thesis statement with logical reasoning, supportive evidence, and correct documentation.

2. Organization – relates to the order in which ideas are presented in support of the thesis statement. The introduction, body, and conclusion are developed in a logical, sequential order with clear transitions, and evidence is organized within each section. An artifact with good development includes supportive reasoning and evidence that build on each other as the document unfolds.

3. Assignment’s Requirements – relate to what the instructor has set forth in the assignment. A communications artifact can be delivered well in all aspects and not respond to the assignment.

4. Style – is the way in which words and sentences are put together. It involves word choice, sentence structure, and tone appropriate for the rhetorical situation. Different styles can be effective in different genres; however, any style in academic communication should demonstrate control of sentence-level errors such as grammar problems, misspellings, improper use of punctuation, etc.

**CRITICAL THINKING SKILLS COMPETENCY**

Competency Statement: Students will engage in creative and/or innovative thinking, inquiring analysis, evaluation, synthesis of information, organizing concepts, and constructing solutions.

Description of Assignments: Examples may include, but are not limited to: research, lab reports, writings, video compilations or presentations which include analysis, musical compositions, analysis/solutions of problems/case studies, use of Scientific Method, prototype designs, sequencing formularies, justification of results, and explanation of reasoning. These assignments can be completed by an individual or in a group environment.

Definitions of Concepts

1. Inquiry – A close examination or interpretation of a matter. Critical inquiry may involve the analytical interpretation of evidence and arguments. Interpretive inquiry may include an investigation into alternative points of view. Brainstorming methods or novel and untested solutions to a problem can be a part of the inquiry process.

2. Analysis – A critical examination of explanations and problem-solving methods. Analysis involves the ability to dissect, fully understand, and explain individual ideas. Analysis can also be used innovatively by pinpointing problem-solving methods found through the examination of a problem, task, etc.

3. Synthesis – Interlacing individual argument components so that a meaningful, coherent whole can be formed. Synthesis can use logical deductions to form scientific/mathematical arguments. Synthesis can also be used to effectively present a new or existing concept.

4. Product – The result produced by using evidence to form a coherent conclusion or the result produced by taking an innovative approach to a given task. The product is the end result and as such should either supply a coherent conclusion, solution, and/or product based on evidence or should use innovation to form a new and well-structured conclusion, solution, and/or product.

TEAMWORK COMPETENCY

Competency Statement: Students will demonstrate the ability to work effectively with others to support a shared purpose or goal and consider different points of view.

Description of Assignments: Teamwork artifacts must demonstrate the quality of the teamwork process rather than the end result. Artifacts must also demonstrate evidence of an individual’s contribution and interaction within a team. As such, a team member will complete a self evaluation and also complete an evaluation of each group member’s performance.

The “Team Member Critique Sheet” will be provided to all instructors as the means to assess individual teamwork characteristics. The critique sheet specifically guides students to evaluate the degree to which each group member exhibits team member characteristics. The critique sheet uses a numerical rating system and also requires students to provide a qualitative assessment for each member within a group. The critique sheet can be modified, as needed, to meet an individual instructor’s needs (e.g. adding a row that evaluates the degree to which a group member followed proper safety procedures.) Each submitted group of critique sheets that assess a student who meets the operational definition criteria will count as a separate artifact. The instructor can use the form to provide his/her evaluation of the student, but critique sheets that are submitted as artifacts should only be those completed from a student’s perspective.

Definitions of Concepts

1. Contribution – The degree to which each student provides materials or skills that are integral to the group’s ability to complete the given assignment. Contribution assesses what the student provides the group in the form of materials, effort, and/or leadership. The evaluation of leadership skills is dependent on the nature of the instructor’s assignment as some assignments will contain pre-set or alternating leadership roles.

2. Cooperation – The skills and attitudes necessary for successful group interaction and the successful formation of finalized ideas and plans of action in the group environment. Cooperation assesses attitude, information sharing, acknowledgment of a shared purpose, and problem solving techniques.

3. Self Management – The manner in which a group member conducts his/her personal business. Self management assesses a student’s work ethic, ability to meet deadlines, ability to prioritize projects, and ability to focus on the task at hand.
