              Engineering and Science Department Chairs

SUBJECT:     Fall 2007 Tuition Discounting for Doctoral Level GTAs in Science and  
Engineering

I am pleased to announce that effective Fall 2007, we will be able to extend the tuition discounting program that we currently offer for doctoral level GRAs in Science and Engineering to doctoral level GTAs. I am sharing this information with you now for planning purposes. You may also share this information with students and use this information as you work to recruit new students.

I recognize that this step is much needed and plan to work to broaden the program in the future, as funds become available, to extend to other academic programs.

Thank you.

Dana Dunn  
Provost and Vice President for Academic Financial Affairs
