Thomas J. Rusk Bld.
211 E. 10th Street, Suite 206
Box 13047
Austin, Texas 78701-3104

Attention: Mr. Felix Lopez

Dear Mr. Lopez:

Please accept this letter and attached report as the final report on contract #8004. The last 14 trainings were conducted with individual code officials in the MetroPlex area as allowed in your 7-1-99 letter. You will be receiving final billing for this project from Grants and Contracts at UTA.

Deliverables to Date

Task 1: SECO has apparently made no attempt to revise the administrative code to deal with compliance with the Texas Design Standard. Therefore, there has been no opportunity to assist SECO in this manner.

Task 2: A comprehensive presentation to illustrate code push and market pull to encourage energy efficiency was prepared in April. The presentation was delivered on May 7th to the Texas Energy Coordinating Council, on May 22nd at a day long forum of the Texas Building Energy Institute, and on June 2 in a panel session of the Hot and Humid Climate Symposium.

An energy code adoption strategy session was held in Austin at the TBEI on May 21. Participants included UTA, SECO, TBEI, BCAP, and the DOE.

Task 3: Commcheck training for Architects and Engineers

1. Dallas ASHRAE Chapter
Dallas, Texas
January 13, 1998
Attendees-20 (estimated)
No evaluation forms available
