**NOTES:**
- This is the standard list of all classes in this program of study. It is not necessarily the order in which to take courses. Please see your Academic Advisor to develop your individualized program of study.

**REQUIRED**
- **Introductory Practice Courses** – must take BOTH. SOCW 5352 may only be taken concurrently with 5311 or after completing 5311.
- **Integrated Theory and Practice Courses** – must take any TWO from the four listed. Must take concurrently with 5311 or after completing 5311.
- **Advanced Field Placement** - Students are required to complete SOCW 5311 and SOCW 5352 before taking advanced field. A 3.0 cumulative GPA is required to take advanced field. May take SOCW 5882, 8 hour block, in place of 5482 and 5483.
- **Capstone Course Options** – Students must choose to take the Integrative Seminar or Thesis Option.
  - **Integrative Seminar** – This option must be taken in the final program semester concurrently with 5483 or after completing 5482.
  - **Thesis Option** – This option may be taken in place of one elective and the Integrative Seminar.
- **ELECTIVES** – Students MUST take 1-2 social work electives to complete their program of study and the number of required credit hours to graduate. The suggested electives above are those that the faculty STRONGLY recommend as supporting your development in this area of specialization. However, additional or other optional electives may be considered. If deviating from those recommended above, Academic Advisor approval is required, and any elective considered must be chosen from the advanced level social work courses offered (check for any applicable prerequisites).
