The School of Social Work at the University of Texas at Arlington seeks a post-doctoral fellow to work under the direction of Drs. Rebecca Mauldin and Kathy Lee as part of a collaborative research team focused on aging-related research. In addition to manuscript and grant writing as part of the research team, candidates will gain experience in a variety of domains, such as community-based research, social network analysis, using data from the Health and Retirement Study, working with interdisciplinary teams, and collaborating with a wide range of aging-related scholars.

**Job Duties:** Job duties will vary depending on the needs of the project. Tasks will include, but are not limited to the following:

- Develop and implement mentoring plan
- Prepare manuscripts
- Present research at conferences
- Write and prepare grants
- Other duties as assigned (e.g., project coordination, workshop development and delivery)

**Position Details and Eligibility Requirements:** The current position is for 12 months, with the possibility of a 24-month appointment. Salary is competitive with full benefits.

To be eligible, applicants must possess

- A PhD in Social Work or related field
- Strong analytic skills, as demonstrated in a dissertation using quantitative methods
- Excellent communication skills including oral and written communication and public speaking

**Preferred Qualifications**

- Research or practice experience in one or more of the following areas:
  - Aging
  - Social engagement, social integration, social support
  - Cognitive functioning
  - Health, mental health,
  - Health disparities
  - Social network analysis theory and methods
  - Analysis of large survey datasets
- Experience using R, Amos, and/or SPSS

**To Apply:** Complete the online [Post Doctoral Fellowship Application](#). Submit a cover letter including a statement of research experience and interests, curriculum vitae, and contact information for three references. You will be contacted via e-mail if you are selected for an interview. Application review will begin immediately and will continue until the position is filled with June 2019 as the preferred start date. NOTE: Be sure to select Dr. Mauldin and Dr. Lee on your application to indicate your interest in this position.
