UTA Trivia Night Rules and Regulations

Teams
- Each organization/team may only register one (1) team to compete in Trivia Night.
- Each team may consist of up to four (4) individuals.
- Team members must be current UTA students.

Rounds
- There will be four (4) rounds of competition – three (3) preliminary rounds and one (1) final round.
- The winner of each preliminary round will advance to the final round of competition.
- A wild card team will also advance to the final round. The wild card team will be the team with the highest number of points/money earned in all three preliminary rounds who did not win their first round of competition.

Answering Questions
- Each team will appoint a captain who will ring the buzzer to answer a question.
- The first team to buzz in will be given the opportunity to answer the question.
- The team must provide an answer immediately upon being called on to answer the question. Team members can discuss answers but must do so PRIOR to ringing the buzzer.
- If the first team to buzz in responds with an incorrect answer, the other teams will have an opportunity to buzz in again for a chance to answer the question correctly.
- Several UTA Ambassadors will serve as “lifelines” during the competition. Each team may call on an Ambassador 1 time during each round to assist with the answer to the question. If the Ambassador answers correctly, the team will receive the points. If the Ambassador answers the question incorrectly, the team will lose the points.

Scoring
- The team who buzzes in and answers the question correctly will receive the points/money for that question.
- A team who answers the question incorrectly or speaks out of turn will lose the points/money for that question.
- The team with the highest number of points in each preliminary round will win and advance to the final round.
- Point/money values do not carry over from round to round.
- Final Jeopardy: At the end of the game, a final jeopardy question will be asked. Each team will determine an amount of points/money to wager (up to the amount they have earned up to this point in the competition.) The wagers will be collected by the game host. The final jeopardy question will be asked and the teams will have 30 seconds to formulate an answer. The answers will be submitted to the game host. The answers will be revealed by the game host and points/money will be awarded/deducted appropriately.
- The team with the highest number of points/money in the final round of competition will win UTA Trivia Night.

*Note: No money will be earned by any team. Only points will be earned for the Spirit Week competition.
