UTA Psychology Convention: Finalized Agenda!

Well, we're almost there! Our first annual Psychology Convention will be held on March 7th and 8th in the Rio Grande Ballroom of the U.C. We would love to see as many UTA students there as possible, so tell your friends and family, as this event will be open to everyone! Dr. Perry of Florida Atlantic University will be speaking on his area of childhood bullying and victimization. Posters and papers will be presented by students, graduate school information will be available, and volunteer organizations will be there to let us know how to get involved; so there will be plenty to do! We are looking forward to seeing you all there, and we know that it will be a great two days!

“The diversity of our opinions does not arise from the fact that some people are more reasonable than others, but simply from the fact that we conduct our thoughts along different lines and do not consider the same things.”
— René Descartes
