SWE National Conference

The SWE National Conference is held in a different city throughout the United States every year. The theme this year is "Engineers Leading Change." There will be a career fair with over 200 national companies attending. The conference also has seminars and workshops specifically targeted to students and their future career paths. They will also be hosting several tours of companies and special interest locations around the conference area.

This year SWE UTA is trying to get sponsorship to send several UTA students the National Conference. If you are interested, please contact the SWE UTA Officers.

SWE National Conference Info

Milwaukee, Wisconsin
October 14th-16th, 2004

Volunteers needed!!

Every semester the UTA and TCU sections of SWE hold Girl Scout workshops with the Forth Worth and Dallas SWE sections. UTA usually has 100 or more girls attend this affair to earn their Math and Science Badges. If you have participated in a pervious workshop, you know how much fun we have. This semester UTA will be holding the workshop on November 23, 2004. It will be from 11 am to about 5 pm. Please contact any SWE UTA Officer if you would like to participate.

Who's Who in SWE UTA Executive Board

President - Sunshine Sermersheim

Sunshine is a Computer Science senior who hopes to graduate in May of 2004. She has been an active member of SWE UTA for two years as Public Relations in 2003 and now as President.
