

WHO WE ARE: We are a History Graduate Student organization. The organization is open to all M.A. and Ph.D. students at the University of Texas at Arlington—not just history students in the Transatlantic Ph.D. program.

OUR MISSION: We provide UTA history graduate students with a forum for discussion of issues relating to the study of transatlantic history. We also provide a central resource library for information about fellowships, grants, travel funds, etc.

WHAT WE DO: We function as both a social and a networking organization. Meetings, socials and other planned events provide an opportunity to get to know peers and professors in a more relaxed, non-classroom setting.

Twice a semester we hold Professional Development Seminars where faculty members and/or invited guests present topics ranging from “Searching for a Job in the Academy,” to “The Process of Publishing Your Work”.

We host the Annual Transatlantic History Research Symposium. It is a great opportunity to gain experience in presenting your research, as well as keeping abreast of the research being conducted within our graduate program and similar programs nationwide.

FOR MORE INFO: Stop by the Student Organization Office – UH 317.
