**TOTAL: 15**
For students who already have MATH 1301, changed major to Education, and now need MATH 1302 and the system will not allow them to enroll:

For EC-6 Education Majors

- First they will need to take the Math Placement Test. If they have a qualifying score on the Algebra section, they will then be allowed to take MATH 1330. Math Department has to manually enroll them.
- If the student does not have a qualifying scores on the Math Placement Test, Math Department will then manually enroll them into MATH 1302.
