Plenary Structure of the
2003 IEEE Conference on Decision and Control
Maui, Hawaii

CDC 03 home page

**Philosophy.** The philosophy of the CDC 03 plenary structure is to provide links between international societies including the Institute of Electrical and Electronics Engineers, European Union Control Association, Japan Society of Instrument and Control Engineers, and the International Federation of Automatic Control. We are interested in international research funding mechanisms and thrusts, and in the global history of Automatic Control Systems.

**CDC Plenary speakers**

Vladimir Kucera  
President of IFAC

Tamer Basar  
Past President of IEEE Control Systems Society

Katsuhisa Furuta  
Past President of Japan Society of Instrument and Control Engineers

**Keynote Speakers**

Janusz Bryzek  
Control of MEMS

Kishan Baheti  
Nanotechnology and Control
Plenary History Panel

Co-Chairs

Danny Abramovitch

Peter Dorato

Derek Atherton

Sergio Bittanti

Ioan-Dore Landau

David G. Luenberger

Vadim Utkin
