NURSING COURSES
The MS in Nursing Administration degree program is 12 courses, 5 or 10 weeks in length, for a total of 36 credit hours. Students receive a personalized degree plan that determines the order in which courses are taken.

N5301 Research
Exploration of the research process and critical examination of published studies with emphasis on research critique, interpretation of statistical results, and evidence-based practice.

N5327 Theory
Critical examination of the philosophical and theoretical bases for nursing. Analysis of selected concepts and theories.

N5328 Theory & Research Application - 10 weeks
Integration of theoretical and empirical elements of nursing research with emphasis on proposal development.

N5311 Nursing Management
Considers development of management and organizational theories as applied to healthcare organizations and their environment.

N5343 Leadership and Complex Healthcare Systems
Analyze leadership strategies in current and predicted healthcare systems including dimensions of workforce and workplace issues, leadership, and evidence-based decision making.

ELECTIVES
Two master’s-level nursing electives must be completed at any time during the AP MSN program. To complete your Nursing Education certificate, please complete N5302 and N5309.

N5302 Nursing Curriculum
N5309 Teaching, Learning & Evaluation
N5308 Nursing Informatics
