Note on Funding
Doctor of Nursing Practice

Program Description
The Doctor of Nursing Practice Program builds upon the foundation of the masters of science in nursing and prepares nurses for advanced roles in leadership, clinical expertise, and innovation in problem recognition and resolution using evidence-based practice. Courses include leadership, translation of evidence into clinical practice, health policy, epidemiology and specialized clinical practice. The 36 credit hour program uses blended online, intensive/immersion and traditional classroom delivery formats.

GPA Requirement
3.0 or higher in an earned master’s degree in nursing (MSN) from a program or school accredited by the National League for Nursing Accrediting Commission (NLNAC), the Commission on Collegiate Nursing Education (CCNE), or equivalent accrediting body.

Program Description
The PhD in Nursing Program at UT Arlington prepares nurse scientists to improve the health outcomes of culturally diverse and vulnerable populations. Nurse scientists are needed who can reduce health disparities and contribute to nursing science. We offer both MSN-to-PhD and BSN-to-PhD entry. Courses are offered in a blended (online and on-campus) format with students not meeting face-to-face every week. The number of class meetings per semester varies by course. This format reduces travel time, but maintains personal contact among students and faculty. Full- or part-time degree plans are available.

GPA Requirement
3.0, as calculated by the Graduate Admissions Office.

Test Score
GRE Minimum:
153 Verbal
144 Quantitative
4 Writing

English Language Proficiency
550 on the paper-based TOEFL, 213 on the computer-based TOEFL, 6.5 on the IELTS or 79 on the TOEFL iBT with sectional scores that meet or exceed 22 for the writing section, 21 for the speaking section, 20 for the reading section, and 16 for the listening section
