ADDITIONAL INFORMATION:

DATE: October 13, 2015

RFP NUMBER: 2016-002 Selection of a Vendor to Provide Operation and Management of Food Services

RFP DUE DATE: November 6, 2015

The following changes and/or clarifications are hereby incorporated into the RFP. Your proposal must reflect the following:

Additional vendor questions received to date and UT Arlington answers:

Q1: Page 21, Section 5.4.5.6- What types of usage by the University of the service locations could occur?
A1: This section speaks to the fact that the University retains the right to enter and service these areas when and if needed. It would be exceedingly rare for the University to need to “use” these areas.

Q2: Page 9, Section 2.3, and Page 29, Section 6.4.2: Both sections refer to project management expertise, please define if the intent is to have the proposer manage projects or will the university manage all dining projects. We’re looking for clarification as to the project management roles of both the vendor and the University.
A2: The University does not see the reference to “project management” contained in Section 6.4.2 on page 29. In reference to section 2.3, the University is referring to the ability of the proposer to manage, with their expertise in the field, the operation effectively and efficiently.

Q3: The current unamortized amount disclosed in Addendum 1 is based upon what date?
A3: As per the current contract and date of the Addendum 1.

Q4: Will the University consider a longer amortization for the brick and mortar portion of any investment related to the new building?
A4: No, the University does not wish to stretch the amortization beyond the length of the contract.

Q5: On page 18 of the RFP, 3rd paragraph, it mentions that any unused DB after the end of the school year will be returned to the student’s Maverick account. Is that DB associated for mandatory meal plans?
A5: Yes.

PLEASE SUBMIT WITH YOUR PROPOSAL
