The following changes and/or clarifications are hereby incorporated into the RFP. Your proposal must reflect the following:

**Vendor Questions and Answers, Set 1**

Q1: What is the contract start date?
   A1: The University would like to begin transitioning to the new provider mid-late July. It will likely be a phased approach by facility.

Q2: Can the University share some revenue history from the first few WNBA games?
   A2: For the first three games, per cap amounts are between $5.59 - $5.62 with attendance ranging from 3,000-5,000 and total sales ranging from $12,000-$21,000.

Q3: Page twelve, 5.4 – speaks to equipment. What equipment would we need to provide?
   A3: This would be any additional equipment needed beyond what the University provides. This would be dependent upon the menu offerings proposed. Such items could include pretzel warmers, Point-of-sale stands for holding candy/packages items, branded kiosks for specific concepts, etc. The University has provided a listing of the main equipment to be furnished to the successful vendor, but anything else needed the vendor would need to provide.

Q4: Does the University provide all POS systems and if so, are they part of CBORD?
   A4: The University has Micros registers at the CPC that are tied in with our campus system. Texas Hall and Maverick Stadium are not on a POS system. The portable kiosks at the CPC also do not have a POS system. The vendor would need to provide registers/CC terminals there and would be responsible for any PCI compliance issues related to them.
Q5: Is there a “cash” room in the College Park Center?
A5: Yes, the concessions office has a separate cash room with a safe provided by UTA.

Q6: What are the contractor’s janitorial requirements?
A6: Vendor is responsible for all cleaning of the food service areas, including any personnel, supplies and equipment needed. Vendor is responsible for removing all trash and recyclable materials from these spaces, and placing them in the appropriate University provided dumpsters. Custodial closets are provided.

Q7: Are menu boards provided by the University at all stands?
A7: CPC has electronic menu boards at the four permanent stands. Portable kiosks in CPC, and stands at Texas Hall and Maverick Stadium do not have electronic menu boards.

PLEASE SUBMIT WITH YOUR PROPOSAL
