ADDENDUM ONE

DATE: December 15, 2017

RFP NUMBER: 2018-006

RFP DUE DATE: January 24, 2017

The following changes and/or clarifications are hereby incorporated into the RFP. Your proposal must reflect the following:

A. Answers to questions from Pre-proposal meeting:

1. Who installed the original DAS system? Telecommunications Properties Inc. in 2012
2. What is the system? Equipment list attached.
3. Can we get floor plans? Yes (they are coming from Sam Monte but here is a link to some basic CAD floor plans if you have not received them yet - https://uta.box.com/s/h7ix9ml5lb54vyc9xpa0oyf1bupbtup )
4. Head-in location is CPC Rm. 2118 (please disregard floor plans stating that CPC Rm. 2119 is a DAS room – it is NOT)
5. What frequency is the UTAPD radio system on? Answer to be provided to the selected vendor.

B. Please add as Section 5.3.6 and respond in submittal accordingly:

- Please provide a detailed project timeline including key milestones.
- What would be your willingness, upon review, to provide the contracted service to other venues (on-campus)?
- What user characteristics would be motivating for your company to provide DAS service to other campus venues?
- What would be the process/requirements to extending this DAS system to other venues on campus?
PLEASE SUBMIT WITH YOUR PROPOSAL
