Overview
It is sometimes necessary to transfer funds from one cost center to another cost center.

This is done in UTShare using the Budget Transfer.
Do not use the Budget Transfer form to move funds to pay for services performed by another department. This type of transaction is processed on an IDT Journal.

Transfers between or within Agency Funds (9xxxxx) are not allowed.

Expense Transfers (A7000) and Revenue Transfers (RTRFS) are not allowed.

Do not use the Budget Transfer form to reverse or correct a paid expense.
Budget Transfer
The Budget Transfer form is used to create a new transfer or search for an existing transfer.

To get to the form:

Commitment Control HomePage – Budgeting and Planning – Enter Budget Transfer

Navbar – Navigator – Commitment Control – Budget Journals – Enter Budget Transfer

Click “Add a New Value” and the Add button to create a new transfer.

<tbody>
<tr>
<td>Ledger Group</td>
<td>Enter appropriate budget ledger – OPE is the Ledger to be used by Front Office. Currency related information will populate when a ledger is selected.</td>
</tr>
<tr>
<td>Budget Entry Type</td>
<td>Select Budget Transfer Entry Type. Values are: “Transfer Adjustment” which means Temporary Transfer Adjustment and “Transfer Original” which means Permanent Budget Transfer. <strong>Please note:</strong> Using “Transfer Original” does not mean the transfer will be added to the budget permanently.</td>
</tr>
<tr>
<td>Attachments</td>
<td>Click the Attachment hyperlink to attach a document/spreadsheet to the journal. The number will change to reflect the number of attachments.</td>
</tr>
<tr>
<td>Long Description</td>
<td>Enter a description for the journal.</td>
</tr>
<tr>
<td>Alternate Description</td>
<td>Additional 150-character descriptor field if necessary.</td>
</tr>

</table>
Enter the details of the transfer, i.e. budget year, dollar amount, and the From and To chartfield values.

**From**

The amount being taken from the first account is entered as a negative (-)

**To**

The amount being added to the second account is entered as a positive (+)
When the Budget Transfer Journal has been saved successfully, it needs to be Pre-Checked.

Pre-Checking a Budget Transfer Journal identifies if there are missing ChartField values or common Budget Errors.
When the Budget Transfer Journal has been Pre-Checked successfully, it is ready to be submitted for Workflow Approval.

Each level will have to approve the Journal for it to move to Approved Status. Approval Flow when the Pending link is clicked on in the Approval Header Status:
Class Activity
- Create Budget Transfer
- Perform Budget Precheck
- Submit Budget Transfer

Security Rules have been established to ensure the correct information is entered in a Budget Transfer Journal.

The following is a list of possible reasons to get a Security Error:

- **Crossed Fund Type** - ex. Fund Code 2110 used on one row and a different Fund Code is used on a different row
- **Fund Code Used Is Not Allowed** - ex. Fund Code 9200 is not allowed to be used
- **Ledger Enforce** - Campus user attempts to use a Ledger other than OPE
