Create an IDT Journal

The purpose of this job aid is to explain how to create an IDT Journal.

The steps in this business procedure demonstrate how to create an Inter-Departmental Transfer (IDT) using the Journal Entry page.

To create a new IDT Journal, follow these steps:

2. Click **Add a New Value** tab.
3. **Business Unit** defaults to UTARL, leave as is.
4. **Journal ID** defaults to NEXT, leave as is. The next available ID will be assigned after the journal is saved.
5. The **Journal Date** field defaults to the current date. You may change the date if necessary. This date determines the accounting period to which the journal will post.
6. Click **Add**.

The **Header** tab page displays. Most of the required information defaults into the appropriate fields.

7. The **Ledger Group** field defaults to “Actuals”, leave as is.
8. The **Source** field defaults to “IDT” leave as is.
9. Use the **Attachments** link to attach any relevant supporting documents.
10. Enter a detailed description in the **Long Description** field explaining the reason for the journal. This field accommodates up to 254 characters.
11. Click the **Lines** tab.
12. Enter the **Cost Center** or **Project** that you want to use for the journal line into the **SpeedType** field.
13. Press Tab or Enter to auto-populate the remaining required chartfield strings.
14. Enter or lookup the **Account** type for the journal line. This code is used to identify the nature of the transaction. Revenue account types start with a 4.
