

CampusOptics Laboratory Inspection Instructions

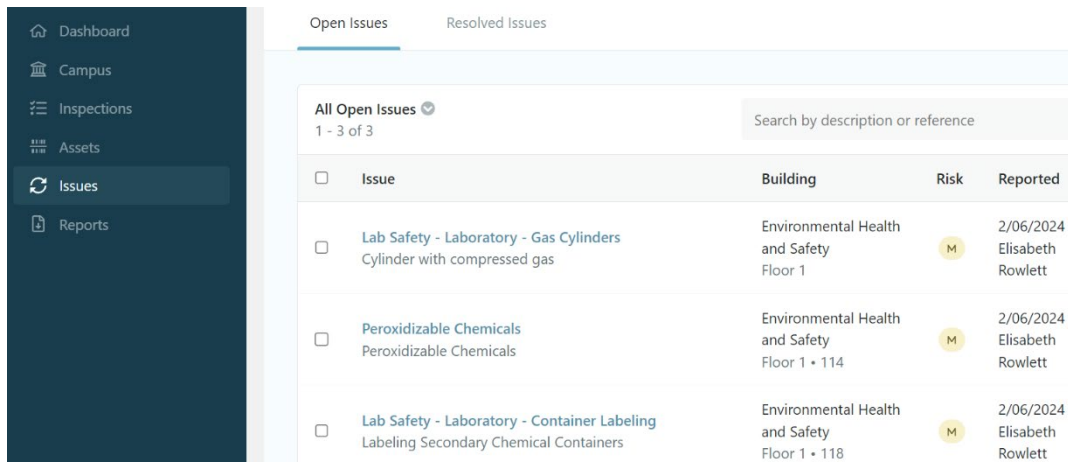

During a laboratory inspection, if any deficiencies are found, the inspector will create an issue in CampusOptics. CampusOptics then generates emails automatically on items requiring attention.

The “View Issues Assigned to You” link will take you to your CampusOptics Dashboard.

Select “Issues” to see what items need your attention.

The Issues page will show a list of issues.

Filtered Open Issues ▼
1 - 3 of 3

Filter My Issues

- Issue
- Lab Safety - Laboratory - Gas Cylinders
Cylinder with compressed gas
- Peroxidizable Chemicals
Peroxidizable Chemicals

Select an issue and click the link to see more information about it.

Each Issue will have its own page. Here more details about the Issue will be seen. The PI will be able to add notes and photos on this page to show that the issues has been resolved.

Issues / Lab Safety - Laboratory - Gas Cylinders 1 1

Issue Details Actions Location Set Coordinates
