How To Do Business With FEMA

FEMA Industry Liaison Program
About Industry Liaison Program (ILP)

- Establishes strategic relationships with suppliers and stakeholders
- Serves as an information provider for suppliers seeking to do business with FEMA
- Connects suppliers with program offices in support of FEMA’s mission.
Local Business Transition Team (LBTT)

*LBTT works in coordination with the ILP*

- ILP coordinates the flow of vendor inquiries of how to do business with FEMA from FEMA Headquarters to the LBTT located in the Joint Field Office.
- ILP provides additional administrative and market research support, as requested, to the LBTT.
- LBTT provides updates and field status to the ILP.
HOW TO DO BUSINESS WITH FEMA IN 4 STEPS
Step 1: Association of Procurement Technical Assistance Center (APTAC)

- Seek your local APTAC for assistance in presenting your company’s capabilities to the Federal Government
- Funded through cooperative agreements between the US Department of Defense and state/local nonprofit entities
- Nationwide network of dedicated procurement professionals working to help businesses compete successfully in the government marketplace
- Find a PTAC in your area (www.aptac-us.org)
Step 2: System for Award Management (SAM) Registration

✓ Company DUNS Number – Request for free by visiting Dun and Bradstreet (D&B) at http://fedgov.dnb.com/webform

✓ Taxpayer identification number (TIN) – Request by visiting www.irs.gov

SAM is an official website of the US Government, at NO COST for registration or utilization. SAM registration is a requirement to do business with the Federal Government. Register your entity at www.sam.gov.
What Is The Disaster Response Registry?

• When national emergencies or disasters such as floods and hurricanes occur, supplies and services need to be procured and rushed to the affected area quickly. To expedite this process, the System for Award Management (SAM) contains a Disaster Response Registry in accordance with FAR Subpart 4.11 and FAR Subpart 26.2 listing those contractors who are willing to provide debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief supplies and/or services.

How Do I Add My Company To The Disaster Response Registry?

• Your entity must be fully registered in SAM, to be included in the Disaster Response Registry. During the registration process, you must indicate you want to participate in the Disaster Response Registry and provide the required information on the Disaster Response Information page within the Assertions module. Once your registration is active, you will be added to the Disaster Response Registry and contracting officers will be able to locate your company through the Disaster Response Registry Search.
Step 3: Understand FEMA’s Mission and Goals

- Robert T. Stafford Act – FEMA’s goal is to seek local companies within the disaster area for goods and services related to a specific disaster when practical and feasible.

- Determining Local Vendors
  - **Stafford Act**: Sec. 307 – *Use of Local Firms and Individuals*
  - **Federal Acquisition Regulation (FAR)**: Sec. 26.202 – *Local Area Preference*
  - **FAR**: Sec 52.226-3 – *Disaster or Emergency Area Representation*
  - **FAR**: Sec 26.203 – *Transition of Work*
Step 3: Understand FEMA’s Mission and Goals (cont’d)

• Emergency Support Functions (ESFs) – Provide the structure for coordinating Federal Interagency support for a Federal response to an incident. ESFs may be selectively activated for both Stafford Act and non-Stafford Act incidents.

• State Emergency Management Agencies – Each state coordinates the activation and use of resources needed to support the local governments to respond and recover from emergency and disasters.

For general question about the Transportation Program please email: FEMA-Transportation-Programs@fema.dhs.gov.

• Transitional Sheltering Assistance - Hotels/motels are able to participate in FEMA’s Transitional Sheltering Assistance program, which offers rooms to disaster survivors seeking housing aid. Please visit, [https://ela.corplodging.com/](https://ela.corplodging.com/).
A Few Helpful Tips

• Promote your services in government-wide databases.

• Monitor contracting opportunity sites (i.e., beta.sam.gov).

• Submit your company capabilities or request a meeting through submission of the FEMA Vendor Profile Form (Submission is voluntary).

Submission of the Vendor Profile Form (VPF) Does Not:

✓ Place you on a preferred list of vendors to be considered for procurements; FEMA does not maintain such a list

✓ Guarantee a contract award

✓ Guarantee a meeting with FEMA Representatives

***The form can be used to assist with secondary market research***
