DISCOVER YOUR POTENTIAL.
SURPASS YOUR GOALS.

Students at the University of Texas at Arlington’s College of Engineering are changing the world. As they work with award-winning faculty in state-of-the-art facilities, they are tackling important problems and developing technology for the future. And you can be a part of this exciting work.

Our aerospace engineering department has been ranked as one of the top 20 programs in the country. Our researchers have collaborated for years with NASA scientists, and we count two astronauts—Robert L. Stewart and Kalpana Chawla—among our alumni. We offer a variety of undergraduate and graduate degree programs to prepare students to tackle the challenges of the future with confidence. Visit our website today to learn how we can help you discover your potential and take the next step in your education.
