Subject: UTA Housing Changes – Prompt Response Required!

Dear Student,

Thank you for your interest in living on-campus for the 2020-21 Academic Year. We know that you likely have questions regarding future changes to your campus housing, dining and academic experience given the COVID pandemic. In truth, we are still planning and preparing for the fall. Flexibility is key to our fall planning as we understand the need to rapidly adapt as circumstances change over the summer.

Overall, our goal is to promote the health and safety of our students and minimize risks associated with the potential spread of COVID-19. It is also our goal to support your housing and dining needs during this time, regardless of any changes to the academic schedule or method of instruction. We are exploring best-practices that will help us achieve these goals. While we work to implement enhancements, it is important to recognize that we cannot eliminate all risk or guarantee your safety. We will need your help! Each student must take individual responsibility for their health and fully comprehend how their actions/choices can significantly impact the health of their roommates, classmates, and everyone else you (and they) may contact.

In the coming weeks and months, we will be making further changes to the UTA Housing Handbook for Apartments regarding adjustments to support the health of the community. We will also be updating our website www.uta.edu/housing with important announcements. Check back often for updates.

At this time, we have developed an Addendum to Apartment Lease Agreements which includes important information and changes due to COVID-19. Please review this document carefully to ensure that you understand the modifications. You will need to agree to the addendum to confirm your on-campus housing assignment, or if you choose, to terminate your lease without penalty.

To finalize your housing placement for the fall, you must complete the Addendum to Apartment Leases by July 15, 2020. You may access the Addendum to Apartment Lease Agreements as noted below.
