

# VENDOR & CONTRACTOR PARKING OPTIONS

All vehicles must have an e-permit to park on campus. Parking is enforced by license plate recognition. There are several ways to obtain a parking e-permit for your time on campus.

## Company-owned Vehicles:

If the vehicle is registered to the company, a free vendor e-permit can be obtained by visiting the UTA Parking Office at the time of your visit. Staff will verify vehicle ownership with DMV records. The permit will expire in August at the end of the academic year. The vehicle will not need to be re-registered until the permit expires.

No cost for this permit

Vendor permits are valid in any faculty/staff lot, university service vehicle signed stalls (while loading/unloading), and within the fenced zone of construction projects they are working.

**VEHICLES ARE NOT PERMITTED ON THE CAMPUS MALL BETWEEN 11AM & 2PM WEEKDAYS. VEHICLES ARE NOT PERMITTED TO PARK ON SIDEWALKS OR IN FIRE LANES.**

## Personally-owned Vehicles:

If the vehicle is not registered to the company, a paid vendor e-permit can be obtained by visiting the UTA Parking Office at 710 S. Davis Drive at the time of your visit. Parking permits are available at the published faculty/staff rates.

## Payment:

Parking & Transportation Services provide 3 payment options for vendors:

- 1) Employee pays for self via credit/debit card, check or money order
- 2) Company pays for employee via credit/debit card, check or money order
- 3) Company creates account with Parking, provides the name(s) of approved employees, and Parking will invoice for permits purchased to the company contact.

Company-paid permits are transferable from employee to employee. Individual-paid permits are non-transferable.

*Additional parking options may be available from your department host.*
