HEALTH
Advanced Graduate Direct Practice
Field Learning Contract Objectives

Student Name: _____ MAVS ID: _____

The student will be able to:

Objective 1: Advanced social workers in health practice active self-reflection and continue to address personal bias and stereotypes to build knowledge and dispel myths regarding health and health care services.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 2: Advanced social workers in health develop an action plan for continued growth including use of continuing education, supervision, and consultation.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 3: Advanced social workers in health implement an effective decision-making strategy for deciphering ethical dilemmas specific to the multiple and diverse needs in health care interventions and settings.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 4: Advanced social workers in health evaluate, select, and implement appropriate assessment, intervention, and evaluation tools for use with diverse groups of clients in health settings.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 5: Advanced social workers in health can understand the distribution of health and disease in populations by race/ethnicity, socioeconomic status, gender, gender identity, sexual orientation, religion, disability status, and other diversity issues.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 6: Advanced social workers in health can identify ways in which power, privilege, gender, race, ethnicity, social class, age and other forms of social stratification and disenfranchisement influence the evaluation processes and outcomes.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 7: Advanced social workers in health describe the distribution and determinants of health and disease and identify health disparities.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 8: Advanced social workers in health synthesize and apply advanced strategies to search, appraise, select, and implement the most up to date evidence and implement practice guidelines in the assessment and interventions within health settings and clients with health issues.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 9: Advanced social workers in health have the ability to critically assess and participate in research design and methodology related to health practice.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 10: Advanced social workers in health describe the role of age, developmental processes, health disparities, and cultural diversity in the development and implementation of health interventions.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 11: Advanced social workers in health use socio-epidemiological and life course theory to identify factors affecting health and disease.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 12: Advanced social workers in health communicate to stakeholders the implication of policies and policy change related to health and health care systems.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 13: Advanced social workers in health advocate for policies that advance the social and economic well-being of those with health concerns and illness.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 14: Advanced social workers in health assess the quality of family members' interactions within their social contexts.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 15: Advanced social workers in health develop health intervention plans to accomplish systemic change that is sustainable.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 16: Advanced social workers in health implement participatory, collaborative, change-oriented communication, and engagement processes with clients, families, and other members of the health care team.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 17: Advanced social workers in health demonstrate understanding of the bio-psycho-social-spiritual model of human development and conduct multiple domain assessments within health settings and the community.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 18: Advanced social workers in health will be able to describe empirically validated and theoretical causes, advanced assessment methods, and the most effective interventions treatments for a variety of problems that affect health.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):		

Objective 19: Advanced social workers in health contribute to the theoretical .knowledge base in the area of health and illness through practice-based research, and use evaluation of the process and/or outcomes to develop best practices.

Tasks: What tasks will be assigned to the student to achieve this objective?

Evaluation Methods		
1-Verbal report in supervision	2-Observation by supervisor	3-Written reports
4-Other (please specify):
