This semester, I will be sending this weekly newsletter to share information with you instead of sending numerous emails. I'm looking forward to Fall 2019 being a great semester! This semester brings new classmates, new faculty, and new programs such as Study Abroad in Belize this October. This week is full of great ways to kick off this semester too. I wish each of you continued success as you pursue this next challenging semester. Please don’t hesitate to reach out to me; I’m here to support you in your educational endeavors.
