**Why I wanted to be a tutor:** After I graduate, I hope to become an English teacher (hence the TESOL certificate). I enjoy school and figuring out different methods of learning, so becoming a tutor fit right in with my ultimate goal. I hope to not only help other students become successful in their studies but to also gain experience that will be useful for me down the road.

**What advice would you give to new students at UTA?** Some advice I'd give to new students is to think outside the box! If you're having trouble with a certain subject, be creative and try to come up with methods to learn the material in a fun, efficient way. You can achieve anything you set your mind to! Also, surround yourself with good friends. It's so important to have people who love and care for you to encourage and motivate you when school (or life in general!) gets tough.

Short Bio: I love playing my guitar and talking about songs during my spare time and if you are one of those people who wants someone to jam with and share a cup of chai (milk tea), I am your guy. Thank you.

Why I wanted to be a tutor: This job would help me achieve two objectives:
1. Since I already completed my respective course, I have a pretty good idea of what obstacles the student in question might be facing. Not all students are always comfortable asking questions about a particular topic because they might think that their questions are "stupid," but I want to reassure them that no question is ever a stupid question! Efficiency is always important in the real world and I want to guide students to take the most efficient path.
2. I am currently working on a blogging site called "Goduphi," where I am going to talk about certain problems that many amateur programmers face. By talking to the students upfront, I can get a better picture of what the students are struggling with and come up with a solution which will not only aid UTA students but students from around the world!

What advice would you give to new students at UTA? Never feel like you are not good enough. Never feel like you cannot talk to anyone. In my experience, I have met a lot of people who are friendly and are fun to hang out with. UTA is huge, and there will always be that one person with whom you can have a lot of fun with, solve problems with, go on road trips with! Never be afraid of asking questions. An instructor may seem intimidating but they are your best friend. Talk to them, go to their office hours and ask questions. They are experienced individuals with years of experience and they can guide you to greatness.

**Why I wanted to be a tutor:** When I was in my high school I never had a tutor and have felt that if somebody could explain a few things to me, it would’ve helped me score better. So, I want to take this opportunity and do help other students. Also, teaching someone is the best way to solidify the material and understand it even better. This will also make my own foundation stronger. I will be able to contribute in the students’ success and also gain meaningful interactions at the same time.

**What advice would you give to new students at UTA?** I would advise new students to get familiarized with UTA, and different departments within. UTA has many resources like Tutoring services, Writing center, Maths and science labs, Tas, the MAC which can help them in their coursework as well as overall development. I would also advise them to get involved in various communities like Leadership honors, UTA Volunteers; it gives students a sense of belonging and inculcates schools spirit.

YEAR: 2nd Semester Freshman

This is my 1st semester as a Tutor

Previous Degrees/Institution: South Grand Prairie High School

Short Bio: I love listening to music, hanging out with friends, playing video games, reading, and spending time with my dogs. I also have a passion for learning and discussing politics.

Why I wanted to be a tutor: Tutoring allows me the opportunity of helping others while at the same time retaining information concerning courses I care about. It is always good to be up to date about the subjects you're interested in and even involved in, and I am happy to offer help to other students regarding them. It is an overall net benefit for everyone involved!

What advice would you give to new students at UTA? Please keep your procrastination in check, and make sure to create good habits! It is so easy to get distracted and caught up in other things, so make sure you have some sort of schedule for yourself as well as creating good studying habits. Also, make sure to open yourself up and make lots of friends, they will be good for you in the long run.

Short Bio: I am a huge fan of the Marvel universe movies, but don't bother asking for my favorite super hero because I can't choose, so my answer changes every time. I love how they keep the different stories connected to make an even larger universe consistent and plausible. I've always enjoyed stories about the supernatural world and anything that exercises your imagination. My favorite food is any pasta dish because it's easy to cook and super tasty. Of course, I wouldn't object if I was offered Chinese food, pizza, or ice cream instead.

Why I wanted to be a tutor: I want to help students be successful in school and enhance their study skills. I hope to help students gain confidence in themselves and their ability to solve problems they face in the classroom.

What advice would you give to new students at UTA? Go to class!! It's so important to attend class, it's hard to learn when you don't know where to start. It's also very easy to fall behind when you don't attend class. I don't recommend making learning even more challenging. Taking 5 minute study breaks is a great way to recharge and refocus.

**Previous Degrees/Institution:** N/a

**Short Bio:** Hi everyone! I’m currently a sophomore who really likes chemistry. I love music, singing, reading, and traveling. My ultimate goal is to become a doctor!! I am excited to meet you all this semester, and help out where I can!

**Why I wanted to be a tutor:** I’ve always been pretty involved in mentorship roles. I understand what it is like to need that extra guidance, I am a first generation college student so I definitely understand how hard it can get. I enjoy chemistry and I enjoy helping others where I can, so I figured I would give this a shot!

**What advice would you give to new students at UTA?** Start figuring out your study habits now. Good effective study habits and time management is key to good grades! Don’t forget to make meaningful friendships too and live your best life.

**Short Bio:** Hi! I’m currently in my senior year and I’m majoring in Psychology with a minor in Neuroscience. Besides Psychology, some of my interests include health and fitness, reading, and motorcycle riding. I also consider myself a foodie and love trying out a variety of cuisines, particularly from European countries. As a graduation gift to myself, I plan to take a tour across Europe and maybe even visit Japan which is a country I have been dying to see. Somewhere along the line, I hope to attend grad school to pursue Cognitive psychology or Neuroscience.

**Why I wanted to be a tutor:** I wanted to become a tutor because I really enjoy helping other students better understand the subject at hand. I also have a lot of great study tips that have helped me pass all my classes with an A so far and I’m really excited to pass these tips on to others.

**What advice would you give to new students at UTA?** My top advice would be, do not procrastinate! As long as you don’t fall behind, you have a great chance of succeeding in whichever classes you are taking. Besides that, another great tip for new students is to not be afraid to ask for help. There are so many resources out there such as tutoring that are meant to help you succeed in your classes so make sure to take advantage of them.

**Why I wanted to be a tutor:** I already help my friends with UTA courses. I was referred by a current SI leader to actually get PAID to help others!

**What advice would you give to new students at UTA?** I think the most vague yet effective advice I can give is to be realistic. College is the perfect experience to discover your strengths and limitations. Make sure to go to go to office hours IF YOU NEED TO. Ask for help from friends IF YOU NEED TO. Read the textbook IF YOU NEED TO. Make sure to study for a week IF YOU NEED TO, or maybe even just the night before. This may sound like advice from an underachiever, but it is important to prepare just the right amount for your success so that you're not doing too little but also not overly stressing yourself out.

NAME: Sanskriti Parajuli

MAJOR: Information Systems

MINOR:

YEAR: 2nd Semester Freshman

This is my first semester as a Tutor

Previous Degrees/Institution: high school degree from Kathmandu Model Secondary School, Kathmandu, Nepal.

Short Bio: I'm a determined, dynamic and ambitious person. I understand teamwork with the perspective of both leader and follower. I'm friendly, kind and a fun person to be around with.

Why I wanted to be a tutor: I love helping people solve their problems, specially when it comes to academics. People find it comfortable to share the topics they are confused in with a friendly student. Tutoring other students will help me revise the things I learned before. This job would help me remain active and involved in college.

What advice would you give to new students at UTA? UTA has a lot of resources and one should utilize it. There are a lot of opportunities to grow and learn. If you are interested in teaching you can join UTSI and like wise if you are interested in architecture then you can join fine arts clubs. There's a little bit of everything for you to experience. If you have plans of involving in research make good connections with the professors of your field.

TUTOR PROFILE

NAME: Parthvi Bharatkumar Patel  

MAJOR: BS in Biology  

MINOR:  

YEAR: Sophomore  

This is my first semester as a Tutor

Previous Degrees/Institution: I am currently completing my bachelor's degree in biological sciences. So, previously attended institution is my high school.

Short Bio: My name is Parthvi Patel. I am a sophomore student currently pursuing a bachelor's degree in Biological Sciences; plus I am in honors college. Interesting part is that I am from a varied cultural country- India. My hobbies include dancing, singing, and eat

Why I wanted to be a tutor: I wanted this job because I genuinely want my juniors to get good grades. I want them not to repeat the mistakes which I already made in the courses I took. I want them to learn how to solve problems with easy methods and to succeed. I want to solve their difficulties and clear out their doubts. Also, this way I would get more experience as a tutor which would be helpful in building myself for future.

What advice would you give to new students at UTA? I would say that you are in college, which means that your first focus should always be grades, GPA, and exams. Getting involved in other activities, volunteer organizations, and stuff is also good to know others and know about what all is happening in the university, but then one also needs to take care of their grades along with that. Take part in various activities, go meet your professors to get involved in academic programs like research. Also, if you have questions, then there are various clinics available for the courses which are helpful. There are academic advisors whom you can ask questions about your courses and career. So, make the most out of all the resources.

**Short Bio:** I am an avid reader, always attentive to the world, and has a tendency to learn on my own if I need to.

## Why I wanted to be a tutor

**Why I wanted to be a tutor:** I feel the need to help others understand the topic. Students want to learn and understand the topic, some can do it really well, others need help. I was able to understand the topics in my class, but I never kept the knowledge to myself, I helped others when they needed it the most, and now I have a great opportunity to continue helping others.

## What advice would you give to new students at UTA?

**What advice would you give to new students at UTA?** Always go to class, always take good notes on the topic (odds are, the lectures are more important than the readings). If you are unsure about a topic, feel free to go to your professor during his office hours; odds are he would want you to succeed in your class and is more than willing to help you out.

**Why I wanted to be a tutor:** I think this is an amazing way to be in service to the university. It gives me a chance to teach some of my studying techniques and for me to learn the role of an educator in a better sense. I also feel like the job or service I provide will make a huge difference for an individual and enable him/her to get closer to their goals or degrees.

**What advice would you give to new students at UTA?** Go to class even if the professor is hard to understand and do the work asked by a professor. If you have to read your text prior to class, then do it. Organizing and studying the semester work load with a good timetable will really help. If you don't understand something in class, ask your professor at the end of class or during the professors office hours. UTA also has organizations like UTSI, ideas center, etc and making use of these organizations will really help.

This is my 1st semester as a Tutor

Previous Degrees/Institution: Richland College (DCCCD)

Short Bio: In my free time, I like to draw and jamming to music. I also love to learn about different cultures and cuisines.

Why I wanted to be a tutor: As a tutor, I want to share my tips on how to study the courses that I took at UTA. Also, I would also learn from my mistakes to help other students avoid them and become more successful.

What advice would you give to new students at UTA? Being organized is definitely a goal for new students at UTA. Most students have to balance school and work; therefore, managing time would be a challenge. To use your time wisely and effectively, a student should acquire skills to become an independent learner. Apart from attending class regularly, students should also seek help by going to professors' office hour and coming to tutoring sessions. Collaborative learning environment would help us to learn more quickly and effectively.
